JAYCEES AND GAR LADIES WIN TOP FLOAT PARADE PRIZES

Gettysburg's Halloween parade was held Wednesday night with more than \$900 in prizes awarded to participants from Harrisburg, Carlisle, Dillsburg and Hanover as well as from throughout Adams County and nearby sections of Maryland.

The Gettysburg Junior Chamber of Commerce float, featuring a moving mechanical witch, won first place in the junior float division. Second place went to Boy Scout Troop 73 and third place to Boy Scout Troop 124, of Hunters-town.

In the senior float division the witches' float of the Ladies of the Grand Army of the Republic of Gettysburg took first honors. The floats entered by the Northern Joint High School, Dillsburg, in the second division of the parade was second and the Gettysburg High School Student Council entry was third.

College Units Win
Gettysburg College's Air Force ROTC took first honors in the uniformed marching groups division; the Gettysburg College Army ROTC unit was second and the Twirlettes of McSherrystown, third.

Awards in the junior costumed groups were: First Girl Scout Troop 44; second, Cub Pack 79; third, Girl Scout Troop 24, and fourth, Cub Pack 78. The first-place winners appeared garbed as crows and sounded their "caws" as they moved along.

Delone Catholic High School won first place in the bands division with Fairfield High School second and Taneytown High School third. Gettysburg's bands, as is customary, were not competing while appearing in the local parade.

Winners Numbers
Hanover's American Legion Drum Corps took first honors in that competition while the Taneytown High School band was second.

WILL BEGIN RESTORATION OF PAINTING

Walter J. Nitkiewicz, preservation specialist for the National Park Service, arrived here today to begin work on restoration of the painting of Pickett's charge in the cyclorama.

Nitkiewicz will place some of his equipment in the cyclorama today and Friday while it is closed to the public. James B. Myers, park superintendent, said the cyclorama will then be open to the public on Saturday and Sunday. Monday it will close and the next time the public sees the painting it will be in the new visitors' center and cyclorama to be constructed by the National Park Service on a site near Meade's headquarters.

The National Park artist, who will be aided by a number of assistants when the work reaches that stage of development, will go over the entire painting which is 370 feet in length and 37 feet high. He will place a new linen backing on the canvas in order to give it added strength; he will retouch the paint placed on the painting in France about 60 years ago by Paul Philippoteaux and his fellow artists, and where the painting has been damaged he will repaint the scene on new canvas and fit it into the original scene.

Superintendent Myers, terming Nitkiewicz "one of the few great artists," said that among the National Park specialists' previous painters in the field of retouching work has been the murals at the Jefferson National Exposition Memorial at St. Louis which approached in size the cyclorama painting here; the portraits at Independence Hall at Philadelphia, and the portraits at the Vanderbilt and Roosevelt estates. Myers said "his greatest skill is that he can repaint a damaged section, place it in the original painting and no one can tell that there has been a substitution."

When Nitkiewicz completes his work months from now, the renovated painting will be moved to the new cyclorama.

FINED \$25, COSTS
Borough police Wednesday arrested Delbert H. Eller, R. 3, on a charge of operating a motor vehicle without a permit. He appeared before Justice of the Peace Robert P. Snyder and pleaded guilty. He was fined \$25 and costs as a second offender.

It is not too difficult to understand the sudden surge of motorists to avoid parking in metered areas... the installation of the new and longer-time meters and installation of meters in what some motorists call "off streets."

However, the purpose of the borough council in adopting the new meters and extend the metered areas was to attempt to solve the traffic problem in town. The change was made after the safety committee had carefully studied the traffic and parking survey which the state conducted here several years ago.

"We really believe that if the motorists give the new meters a fair trial it will solve our parking problem."

DEMOCRATIC RALLY JAMS COURT ROOM

Adams County Democratic Committee members and other party workers and well-wishers filled the court room in the county court house here Wednesday evening to honor the new Democratic state chairman, John S. Rice, of Gettysburg, and to make final plans for General Election Day next Tuesday.

It was the first time Mr. Rice, who also is secretary of the Commonwealth, had been before the county committee since taking over the state chairmanship. He praised the Democratic ticket as being "as fine as any ever offered the people of this state."

Fred G. Klunk, New Oxford, county Democratic chairman, presided at the business meeting and presented all of the county candidates, giving the background and qualifications of each. The candidates responded briefly.

Estimate 500 There
Klunk told the party workers that "now is the time for political action. Get out the vote and help see to it that the best men are elected." That course of action, he indicated, is better than to wait until after the election to complain about results.

The party workers were urged by speakers to "analyze all of the campaign propaganda and advertising claims and make an effort to recognize efforts to smear our candidates."

During the introduction of candidates, District Attorney Daniel E. Teeter reviewed the backgrounds and fitness for office of the party's nominees.

Business in connection with next week's voting was conducted including the distribution of watchers' certificates.

Party officials estimated that 500 or more attended the meeting which was open to the public. It was the final gathering before the election.

POLICE SEEK ESCAPEE

Borough police have been alerted to be on the lookout for Norman Bailey, who escaped from the York County jail. Bailey, who fled late Wednesday, is described as white, male, 39, five feet, five inches tall and weighing 160 pounds.

CUBS MEET TONIGHT

Cub Pack 78 will meet this evening at 7:30 o'clock in St. Francis Xavier Hall, Francis I. Linn announced today.

EXPECT 2,500 AT COLLEGE HOME-COMING

Gettysburg College's annual home-coming festivities Saturday and Sunday will be marked by a wide variety of activities for an estimated 2,500 returning alumni, college officials announced today.

Undergraduates will open the weekend with a fraternity and sorority float parade and all campus pep rally in Lincoln Square Friday evening at 7 o'clock.

The traditional float parade will be repeated Saturday on Memorial Field at 1 p.m. preceding a Middle Atlantic Conference football game matching Gettysburg and Lafayette. The Gettysburg "Bullet" band, directed by Prof. E. Douglas Danfelt, will entertain with a halftime performance. Former football players whose years of graduation end in four and nine will enjoy sideline seats as guests of the college.

Reception In Gym

An informal all-alumni reception and coffee hour will be held in the Eddie Plank gymnasium immediately following the football game. Lavern H. Brennenman, York, recently elected president of the college alumni association, will speak.

Rev. Dr. William F. Sunday, a graduate with the class of 1916 and pastor of Good Shepherd Lutheran Church, Brooklyn, N. Y., will preach at an alumni worship service Sunday at 10:30 a.m. in Christ Chapel. Rev. Edw. E. Korte, '32, college chaplain, will serve as liturgist, and Brennenman, '36, will read the scripture.

"The Image of Gettysburg," college motion picture, will be shown (Continued On Page 3)

PLAN AUCTION FOR WUS DRIVE ON WEDNESDAY

A novel campus-wide auction will be held at Gettysburg College Wednesday evening at 7 o'clock by the Student Christian Association to support the 1959 World University Service fund-raising campaign at the college.

Among other comic attractions, housekeeping services by selected professors, coeds and varsity football players will be sold to the highest bidders. Included will be car washing, leaf raking, caddy service, dormitory cleaning and waiting on tables.

Highest bidder last year was the Sigma Chi fraternity, which paid \$69 for a five-column picture of the fraternity membership and a front-page headline in the campus newspaper. More than \$600 was raised last year.

Take Other Offerings
World University Service is "an international organization dedicated to mutual assistance in meeting crucial needs of the university community throughout the world." American students and professors raise money to supply needy foreign students with books and educational facilities.

Offerings will also be taken for the international charity at the college Thanksgiving and Home-coming worship services.

The auction Wednesday will be held on the steps of the SCA building. Richard Davidock, a senior from Summit Hill, Pa., and star fullback on the varsity football team before sustaining an injury, will be the auctioneer.

Two Doctors Graft Back Severed Leg Of Man, 25

HAYWARD, Calif. (AP) — A team of doctors has succeeded for the first time in grafting back the severed leg of a human.

Surgeons said they could find no parallel in medical history for the operation performed in Eden Hospital here, although such things as severed finger tips and ears have been grafted.

The operation, announced Wednesday, was kept secret for three months, until doctors decided it was successful.

The operating surgeons, whose names will remain secret until their work can be reported in medical journals, described the operation anonymously in the Hayward Review.

Leg Was Crushed
The right leg of Billy L. Smith, 25, was crushed a few inches above the knee by a crane while he was rebrick a furnace in the nearby DeCoto plant of the U.S. Pipe and Foundry Co. Only a two-inch strip of skin connected the leg to the stump.

An orthopedic surgeon, who corrects deformities, telephoned a vascular surgeon, who specializes

in mending torn vessels, and asked: "You want to try for a miracle?"

The vascular surgeon agreed. After blood vessels in the lower leg were flushed with ant clotting fluids, the vascular surgeon said he "hooked up the severed main artery and started the blood flowing. The foot immediately turned pink."

Operate Second Time
But shortly after he stitched together the main veins, so arterial blood could return to the heart, the foot turned white again and there was no pulse in it.

The artery was reopened, a clot removed, blood vessels were flushed again and have functioned perfectly since.

The orthopedist cut away mangled tissue, leaving a two-inch gap between the flesh parts of the leg sections and then bridged the gap with two inches from the upper leg bone.

All that remains now are skin grafts and an operation within a few months to link the main hip nerve to the lower leg, where at present there is no sensation.

Frank Woodruff, 24, Gettysburg College senior and tackle on the football squad, is in a critical condition at the University of Maryland Hospital, Baltimore, where he submitted to emergency brain surgery Wednesday evening.

Woodruff collapsed Wednesday afternoon enroute from the practice field to the Eddie Plank gymnasium following a light drill which involved no scrimmage. Woodruff had received a head injury in the Lehigh game on October 10.

After being taken to the college infirmary he was removed to the Warner Hospital where Dr. Bruce Wolf ordered his immediate removal to the Baltimore Hospital for surgery.

The Elizabeth, N. J., man was rushed to the hospital in the Gettysburg Fire Department ambulance and was operated upon immediately by Dr. James Arnold, a brain specialist.

Although his condition this morning was described as "slightly improved" over that of when he was admitted, it was reported that he reacts only to pain.

The widow of the late Joseph William Cone, she had resided here for the last three years with a son-in-law and daughter, Mr. and Mrs. Ingolf Qually, R. 3. Previously she resided in Connecticut.

Surviving are the daughter, Mrs. Qually; a son, Joseph M. Cone, North Haven, Conn.; five grandchildren and a brother, James J. Smith, Temple City, Calif.

Funeral arrangements, being made through the Bender Funeral Home, are incomplete.

EXPECT 800 AT MOOSE HOME THIS EVENING

Approximately 800 children are expected to take part this evening in the annual "Youth Honor Day" program conducted by the local Moose Lodge home.

A total of 4,936 students of schools throughout the county signed "Youth Honor Day Pledges" sent out by the Moose. The pledges state that the youngsters will not damage property or cause injury to person in their Halloween activities.

While all of the students are invited to attend the two programs held by the Moose, experience leads the officials to expect about 500 elementary school children will be present for the younger children's party at the Moose home on York St. at 6:30 o'clock this evening and about 300 for the teen-age party starting at 8 o'clock.

Two Parties

Costumes will be a feature of the elementary school age party with prizes to be awarded for most comical, most unusual and most beautiful. Cartoon films will be shown. Chester Hilger, recreation director for the borough, will be master of ceremonies for the youngsters' party which ends at 7:30 o'clock.

From 8 to 10 o'clock a record hop will be held for those 13 through 19 years of age. Al Saunders, York disc jockey, will be master of ceremonies for the older children's party. Robert S. Neary, chairman, said awards at the dance will include records from Ditzler's Music Supply, a Lane Studio portrait and numerous other awards given by the Moose.

HOLD RALLY IN SQUARE FRIDAY

Borough police today warned that Friday evening shoppers and motorists may expect a brief delay in the square and surrounding area due to a Gettysburg College pep rally. The rally, sponsored by the Gettysburg College Booster Club, is in recognition of the annual Home-coming game to be played Saturday at the college against Lafayette.

Between 6 p.m. and 7 p.m., police will close off the south side of W. Broadway from Carlisle St. to College Ave., in addition to one block of N. Washington St. from W. Lincoln St. to Broadway. The purpose of this is to permit the parade to form.

Police expect 14 floats in the procession, in addition to a number of cars and marchers. The parade, to begin on W. Broadway, will move south on Carlisle St. to the square, where a pep rally will be held. It will then move west on Chambersburg St. to the college, via N. Washington St. Some delay is to be expected from 7 p.m. until 7:30 p.m.

Civil War Program Telecast Tonight

The fourth in a series of 13 telecasts on "The American Civil War," will be presented over Channel 13 tonight at 7:30 p.m. It is sponsored by the Nationwide Life Insurance Company, of Columbus, Ohio.

Each of the telecasts is historical in nature, not fictional. They cover such subjects as "Ironclad" tonight and on the following nine Thursdays will include "The Search for the Monitor," "Home-front," "Antietam," "Battle of Gettysburg" (Nov. 26) and others.

All but two of the programs are based on the Brady photographs.

AMENDMENTS DISCUSSED BY GOP WOMEN

Discussion of the three amendments to the state constitution upon which voters throughout the state will be asked to ballot next Tuesday occupied much of the time for the meeting of the Adams County Council of Republican Women Wednesday evening at the Adams Electric Cooperative building here.

The president, Mrs. Guyon E. Buehler, presided at the meeting and there were reports on regular committee activities. Then the GOP women turned to a discussion of election procedures.

Mrs. A. W. Butterfield, GOP vice chairman, urged the members to adopt a slogan of "ring the telephone bells" to urge countians to go to the polls and vote next Tuesday.

Opinions Divided On Nov. 1

The discussion of the constitutional amendments was led by Mrs. Earl Deily. She said unanimous support has been given by the state Republican organization to the second and third amendments which provide respectively for a raising of the borrowing limits of school districts and changes in residence requirements for voters.

She said there is some division of opinion on Amendment 1A which provides for annual (Continued On Page 3)

Hefty Thieves Rip Door Off Of Littlestown Safe For \$1400

Burglars, who apparently included a strong man or two in their gang, burglarized the Super Thrift Market, 410 N. Queen St., Littlestown, of approximately \$1,400 during Wednesday night.

Littlestown and state police were called this morning when opening of the store for the day's business revealed the market had been entered and the safe broken open.

Removed from the safe were \$500 in wrapped ten dollar bills, \$600 in loose bills of various denominations, \$100 in wrapped one dollar bills, and between \$190 and \$200 in wrapped pennies and other change.

Force Rear Door

Police said the persons who entered the building "either were in great numbers or some of them were real strongmen."

An inch-wide metal bar was used to force the rear door of the establishment. Police said the lock held despite the pressure against it, but the wooden frame gave way and the lock was ripped through the wood.

After entering the building the burglars went to the office of the manager in the front of the building. There they found the safe, which is of a type resting on wheels. They rolled the safe to the rear department in the tear of the store and lay it on its back beside the meat cutting block.

The burglars then performed an unusual feat of strength. The door of the safe is made of a metal frame over concrete. The metal frame was bent back from the front, a heavy bar was inserted in the concrete of the door and then pressure was brought to bear on the bar to rip the door out of the safe. The burglars, apparently at leisure, placed the drawers from the safe on the meat cutting block, removed the cash and walked out of the structure.

NEW OXFORD'S PARADE FRIDAY

Miss Joan McSherry, 105 Carlisle St., New Oxford, a Senior at Delone Catholic High School, will reign as queen of the Halloween parade at New Oxford Friday evening. The parade will move at 7:30 o'clock with Saturday and Monday as rain dates.

The queen will have a place of honor on a specially decorated float in Friday's parade which is sponsored annually by the New Oxford Lions club. Prizes are to be given in many parade categories and will be presented at the elementary school ground after the parade.

There will also be prizes for Halloween window posters painted by high, grade and parochial school pupils at New Oxford. The posters are being placed in New Oxford store windows and will be judged over the weekend.

As winner of the community's first Halloween queen contest, Miss McSherry will receive \$100 in gift certificates redeemable with sponsoring New Oxford merchants.

Kathy Sager, New Oxford, R. 2, a New Oxford High School Junior, was runner up in the queen contest and Anita Rickrode, W. High St., New Oxford placed third. Each will receive \$25 in gift certificates. Each of the other contestants will receive \$12.50 in gift certificates. They include Donna L. Sponseller, Abbotstown R. 1; Sara E. Kitzmiller, New Oxford; Leona Smith, New Oxford; Peggy Keller, New Oxford; and Janice Myers, Hanover, R. 5.

Discuss Plans For Nov. 19th Program

The executive committee of the Lincoln Fellowship held a dinner meeting Wednesday evening in the Hotel Gettysburg to discuss plans for Dedication Day events here November 19. Final plans for the program, which will include a luncheon meeting by the Lincoln Fellowship and a public program in the National Cemetery marking the anniversary of Lincoln's Gettysburg Address, will be announced within the next few days.

Among those attending the meeting Wednesday were Henry Luhrs, Shippensburg; Mr. and Mrs. Myles Kieffer, Manheim; Timothy Hoffman, Manheim; William G. Weaver, James B. Myers, Dr. Frederick Tilberg and Mrs. Sewel Kapp, of Gettysburg. Dr. Tilberg is president of the Fellowship and Mrs. Kapp is secretary.

LICENSED TO MARRY

James Allen Glass, Emmitsburg, and Doris Cecelia Wetzel, Thurmont, have secured a marriage license in Frederick.

Walter Weber, 18, blind first-year student at Gettysburg College, makes use of facilities at his command. He is shown listening to a recording of a history text book, which he converts into "notes" with the use of a Braille typewriter provided by the New Jersey Commission for the Blind.

BREAK GROUND SATURDAY FOR NEW FRAT HOME

Ground will be broken Saturday afternoon at 5 o'clock for a new chapter house for Pennsylvania Epsilon of Phi Kappa Psi. The building, third erected by the chapter, will be erected north of the Tiber on the college campus, immediately east of the Alpha Tau Omega House.

George V. Doehne, Drexel Hill, president of the alumni corporation, will preside at the ceremony. Earth will be turned by Mrs. Doehne, Dr. Charles May, York, the last survivor of the committee which supervised erection of the present chapter house; Mrs. Oakford Schallick, Salem, N. J., president of the chapter Mothers' Club, and John E. Perrine, president of the chapter. The invocation and benediction will be pronounced by the Rev. Dr. Chester S. Simonton, York, president of the board of directors of the Lutheran Theological Seminary.

To Serve Banquet
A banquet will be served at 7 o'clock in the college dining hall. Fred B. Dapp Jr. will serve as toastmaster, and the main address will be delivered by W. Kent Gilbert III, editor of the Parish School Board of the United Lutheran Church in America.

Miller Hall, Penn Epsilon's first house, was erected in 1892, and still stands, the oldest fraternity house in Pennsylvania, and one of the oldest in the world of Greek letters.

The new building will contain housemother's quarters, and living space for a chapter of sixty men. The building is scheduled for completion in the fall of 1960.

OPTIMISTS TO HONOR YOUTH

Individuals and organizations were asked today by the Gettysburg Optimist Club to nominate youths to be honored by the club during "Youth Appreciation Week," November 9 through 15.

Carroll Martin, R. 2, president of the club, asked that nominations be sent him before November 6, from which will be selected "the outstanding youth of Adams County."

Martin said the object of the program is "to give credit to the 95 per cent of the youths who are good citizens; to recognize the accomplishments of youth in the home, school, church and community; to promote more active participation by families in family affairs; to help provide the proper environment, recreation and social activities; to encourage parents to reeducate themselves to the responsibilities of parenthood; to illustrate the great influence religion has on the lives of youth and encourage their active participation in religious activities and to encourage a great interchange of ideas between adults and youth, leading to a broader understanding of each other's problems."

Edmund Schneider, 21, a student at Gettysburg College, was treated Wednesday at the Warner Hospital for a dislocation of the right shoulder "received while picking pears from a tree."

High Court Rules For Union In Steel Strike

WASHINGTON (AP)—The Supreme Court refuses to order the United Steelworkers to speed up their appeal of a Taft-Hartley back-to-work injunction that would halt the 107-day steel strike.

The government made a strong plea to the court Wednesday to tell the union to get going on the appeal by noon today. Without comment, the court denied the Justice Department request.

That leaves the union until Monday to appeal the ruling of a Philadelphia appeals court that upheld the injunction.

File Appeal Friday
But union lawyer Arthur J. Goldberg said he expected to file the formal appeal notice with the Supreme Court Friday and present a complete brief for the union case by Monday.

This means the court probably won't be ready to rule until the middle of next week.

The strike will go on at least until then unless something comes of new full-scale negotiations that resume today at Pittsburgh between the union and the big steel companies.

The Federal Mediation and Conciliation Service said it was glad to hear that negotiations would resume. But it served notice on

Stabilization Of U.S. Dollar Sought

PEBBLE BEACH, Calif. (AP)—The Eisenhower administration will seek this weekend to enlist the biggest brass of American industry in its efforts to protect the value and prestige of the dollar in world commerce.

The industry group—more than 100 members of the Commerce Department's Business Advisory Council—is expected to endorse half a dozen measures now being taken or planned to curb the heavy flow of gold and dollars overseas.

Secretary of Commerce Frederick H. Mueller, Secretary of Defense Neil H. McElroy and other top officials will consult with the BAC in closed sessions here starting Friday.

PENNSY HAS 9 MONTHS LOSS

PHILADELPHIA (AP)—The Pennsylvania Railroad promoted two of its top executives Wednesday and reported a September loss that put the nation's largest road into the red for the first nine months of 1959.

James M. Symes, 62, the PRR's president, was appointed chairman of the board and chief executive officer. Both posts have been vacant.

Allen J. Greenough, 54, vice president in charge of transportation and maintenance, succeeded Symes as president and also was made chief administrative officer.

Before the appointments were disclosed, the railroad announced that it lost \$2,281,792 in September—wiping out the nearly two million dollars earned in the first nine months of 1959 and creating a deficit of \$449,346 for the year through September.

The steel strike was blamed for the September loss. It was compared with a profit of \$1,643,395 in September 1958. The nine-month deficit, however, was compared with a loss of \$6,899,035 for the similar 1958 period.

Revamped Atlas Called Success

CAPE CANAVERAL, Fla. (AP)—An Atlas missile crowned with a new tactical-type nose cone thundered over the Atlantic early today on an intercontinental range flight.

This was the second test for the new cone, which stood nearly 12 feet tall atop the 80-foot missile. The first test earlier this month was successful.

In Washington, a spokesman for the Air Force called today's test a success. He said all its objectives had been reached.

The Air Force calls this its second generation nose cone and plans eventually to use it in place of smaller cones which now top the Atlas, Thor and Titan missiles.

The cone is designed for faster re-entry, heavier payloads and greater accuracy.

Another of the nation's big war rockets, the intermediate range Thor, was fired successfully a few hours earlier on a 1,500-mile flight.

WILL SPEAK AT LOWER MARSH CREEK CHURCH

Dr. Arthur E. Harper, Sea Isle City, N. J., educator, and missionary for almost 40 years, will be guest preacher at the 10:30 a.m. service of the Lower Marsh Creek Presbyterian Church on Sunday.

For many years Dr. Harper was head of the Training School for Village Teachers in Moga, India. He was assigned to India

DR. A. E. HARPER

In 1914 by the Presbyterian Board of Foreign Missions, and in 1915 went to Sharakpur, where he and Mrs. Harper worked among the rural people and aided them in their greatest problem—the building of better Indian villages through the best modern teaching methods.

Dr. and Mrs. Harper retired from active service in 1952, but by special request of the Indian Church, they continued to work at Moga for another year. The program Sunday will be supplemented by an illustrated lecture of their work within the church. The public is invited.

TOXIC GLUE GIVES 'KICKS'

WICHITA FALLS, Tex. (AP)—As many as 4,000 of the 16,000 teen-agers in this northern Texas city are endangering their lives by sniffing plastic cement fumes, police say.

St. John Cawyer said Wednesday his agency has been investigating the practice since last June. Cawyer gave the estimate of the number of youths involved. The cement produces a state similar to drunkenness, Cawyer said after he questioned teen-agers who said they sniffed the fumes "for kicks" during school hours.

Dr. D. E. Fletcher, a pathologist who helped police in the investigation, said the cement is a substance containing ether and carbon disulfide.

The ingredients damage the liver, may harm the brain, and will kill if used repeatedly, Dr. Fletcher said.

"Apparently this is replacing drinking among the younger set," the sergeant said. "Some teen-agers known as 'glue sniffers' have been handled previously for drinking."

Seminary Grad Accepts New Call

A call to become pastor of St. Peter's Lutheran Church, Highspire, has been accepted by the Rev. Carl Heim Greenwald, associate pastor of the First Lutheran Church, Altoona, and former assistant pastor of Zion Lutheran Church, Harrisburg, it was announced Wednesday.

Effective November 16, the Rev. Mr. Greenwald will succeed the Rev. William Slee, who left the Highspire Church last August to do mission work in Fairbanks, Alaska.

Following his graduation from Gettysburg College and Seminary, the Rev. Mr. Greenwald started his ministry as assistant to the Rev. Dr. Viggo Swensen at Zion Lutheran Church in 1953. Two years later he went to the Evangelical Lutheran Church in Mt. Union.

In June of 1957, the Rev. Mr. Greenwald accepted a new position in Christian education, evangelism and youth work at Altoona, where he later succeeded the Rev. Cedric W. Tilberg as pastor of the First Lutheran Church.

Charles A. Erb, 80, Is Buried Today

Funeral services were held this morning at the Feiser Funeral Home, New Oxford, for Charles Asher Erb, 80, who was found dead Monday in a corn field where he had been husking corn.

The deceased had been under a physician's care for a number of years with a heart condition. Death was attributed to chronic myocarditis.

Interment was made in Mt. Victory EUB cemetery, with the Rev. George H. Hull officiating. The pallbearers were: Noah Clapper, J. Robert Fair, Lee McClain, Kenneth Hankey Jr., Joseph A. Stoner and Francis Worley.

LITIGATION EXPEDITION UP TO JUDGES

WASHINGTON (AP)—The speed with which the Supreme Court handles steel strike litigation from here out will be determined largely by the nine justices.

Having thrown out the Justice Department's speed-up plea Wednesday, there is now nothing before the court involving the steel case.

But Arthur J. Goldberg, United States circuit judge in New York, says he will file Friday morning a petition for certiorari—in layman's language, an appeal. This will ask the high tribunal to overturn the 3rd Circuit Court of Appeals decision upholding a Taft-Hartley injunction. That injunction ordered steel workers to go back to their jobs for an 8-day cooling off period.

Four Votes Needed
If Goldberg meets the Friday schedule, the Justice Department says it will file Friday morning a brief opposing Supreme Court review of the case. A vote of at least four justices is usually required to grant a review. If the court votes in closed conference against granting the union a hearing, the effect would be to let the 3rd Circuit Court decision stand unchanged.

In that event the injunction would go into effect. Such a thing could happen Friday.

Injunction Held Off
As the matter now stands there is a stay order from the court of appeals, effective until Monday, holding off the injunction to give the union time to appeal. The government could ask, and the Supreme Court could grant, a shortening of that time.

The high tribunal is now in recess, with a two-week argument sitting scheduled to begin Nov. 9. The justices, however, could vote Friday on the question of granting the union a hearing. Or they could put this over until next week.

Plan Rally Day At Centenary EUB

Rally Day services will be held in the Centenary Evangelical United Brethren Church, Biglerville, opening a six-week Sunday School attendance "crusade."

Rally Day worship services will be held at 8:30 and 10:40 a.m. The guest speaker will be Dr. Roy H. Stetler, former publisher of the Evangelical Press, the EUB denominational publishing house at Harrisburg. He is also the author of the column, "Chat From Retirement," which appears in the biweekly periodical, The Telescope-Messenger. The Sunday School rally will be held at 9:30 a.m. with an attendance goal of 400.

DR. STETLER

Special days will be observed during the attendance crusade as follows: November 8, Dedication Day; November 15, Participation Day; November 22, Harvest Home; November 29, Music Sunday; and December 6, Missionary Sunday. The attendance goal for the six-week crusade is to maintain an average of 350.

STOCK MARKET DECLINES
NEW YORK (AP)—The stock market declined moderately in active trading early this afternoon. American Motors and Studebaker-Packard backed away from recent wide gains.

Losses of most key stocks went from fractions to about a point. American Motors was down about a point and Studebaker-Packard common dropped about 2. The two stocks were traded hectically Wednesday as they reached a kind of climax in their daily drive to new highs.

SLIGHTLY IMPROVED
Slight improvement was reported today in the condition of John Shulley, 81, Orrtanna, who was taken to the Warner Hospital by ambulance Tuesday following a heart attack suffered at his home.

LONDON (AP)—Thirteen retired police officers looked in vain for their cars after an annual reunion at a London restaurant Wednesday night.

The missing cars were on the other side of town—towed away for illegal parking.

JUDGE SPEAKS 3 P.M. SUNDAY IN IDAVILLE

Services of rededication and Rally Day in the Sunday School will be observed Sunday at the Idaville Evangelical United Brethren Church.

The Sunday School rally will be held at 2 p.m. with assistant superintendent Dale MacBeth conducting the service. Miss Esther Howe, Gardner R. 2, will be the guest teacher in the adult division. Mrs. Louise Brown, Mt. Holly Springs, will teach in the Children's Division and Miss Helen Dixon, Gardner R. 1, will sing.

Rev. Percy Brown, pastor, will conduct the worship service at 3 p.m. Judge Dale F. Shughart, Carlisle, will be the guest speaker. A service of rededication of the church will be led by the pastor.

Interior Is Remodeled

The interior of the church building, sanctuary and basement educational room have recently been redecorated at a cost of \$1,500. A new painting of the head of Christ is in the chancel. It is the gift of Harry Kuhn in honor of his parents, Mr. and Mrs. William Kuhn.

Dr. Robert Romig, Mt. Holly Springs, will speak in the evening worship service at 7 o'clock. Music will be presented by Mrs. Norma Shover and Kenneth Gardner of the Mt. Victory EUB Church and Mr. and Mrs. Sylvester Bream Jr. and Mr. and Mrs. Leroy Bream of the Uriah EUB Church. Richard Cline, Gardner R. 1, will be the organist for the services.

"THE BRIDGE BETWEEN"

Once upon a woodland sojourn . . . I beheld a sight so rare . . . that my old heart still remembers . . . for it was beyond compare . . . it was in golden October . . . time was evening, sun sunk low . . . one by one the stars were blooming . . . giving off a tender glow . . . oh the wonder of that moment . . . bridge between the day and night . . . painted by the Master Painter . . . filling me with sheer delight . . . it was like the gates of heaven . . . opened to embrace the day . . . and I marveled at the splendor . . . as each cloud stole soft away . . . many times I've watched a sunset . . . each portrayed a beautiful scene . . . but I always shall remember . . . the one I call, the bridge between.

UNION DEMAND AGAINST RAILS HITS MILLIONS

CINCINNATI (AP)—David I. Mackie, chairman of the Eastern Railroad Presidents' Conference, declared here today "incredible demands" of brotherhoods for wage increases and fringe benefits would cost the nation's railroads an additional 750 million dollars a year.

Mackie spoke at the 14th annual meeting of the National Agricultural Cooperative Transportation Committee of the National Council of Farmer Cooperatives.

The railroad spokesman said the industry next week will present to labor leaders specific proposals aimed at wiping out "fantastic unproductive employment expenses" in rain operation. The proposals, he said, will be made in cognizance of the expiration Saturday of a three-year moratorium on changes in the carrier's "antiquated work rules."

Changes Necessary
He declared that work rules must be tailored to meet industry's developing needs just as laws must be revised and updated to meet society's changing needs.

Mackie emphasized the railroad management is determined to do everything possible to avert a transportation tie-up "with all the economic hardship and other painful consequences that such an event would impose on the public."

"It may be that labor's desperate clinging to featherbedding practices spring from a deep-seated fear of unemployment," he asserted. "If so, I can assure labor leaders that management men, no less than they, fully recognize the deep human problems involved in job losses in this industry."

neytown American Legion Drum Corps was second.

Individual costumed marchers were listed by numbers, and in most instances were not immediately identified. Those who had the numbers listed are asked to call at the Moose home, York St., and turn in the winning number and give their name in order to receive their prize.

The winners for most beautiful costume were, first, Susan Baumgardner; second, No. 475; third, No. 899. Comical, first, No. 140; second, Ernestine Eyer, 222 York St.; third, George Copenhaver, Harrisburg, who appeared as a devil whose eyes and tip of tail lighted up. Original, first, Paul S. Burton, Carlisle R. 6; second, No. 172; third, Mrs. John G. Fuhrman, Hanover R. 2.

Competition Close

Similarly in the small vehicles class the first and second place winners, whose numbers were 866 and 130 respectively, are asked to bring the numbers to the Moose lodge to receive their awards. Third place went to the bicyclists of the Flaming Arrow Patrol of Boy Scout Troop 79.

Among other outstanding floats were a colorful lighted entry by the New Cumberland Boy Scouts; a large hunting scene showing six "wrong ways" to hunt entered by Leo McDermitt; a float entered by Menchey's Accordion and Guitar Band; another float by the Menchey band which had a band playing on it; an entry from Northern Joint High School of Dillsburg which featured a queen and her court. Among marching groups which did not place but gave close competition were the Carlisle Redmen in Indian costume, Den 4 of Cub Pack 78 which featured Knights of the Round Table and a group of Civil War costumed youngsters.

Fifty Other Winners

Fifty silver dollars in prizes were awarded to youngsters appearing in costume in parade. No listing was kept on their names. The judges on the street, when they saw an outstanding costume, made the presentation directly.

Judges were representatives of local service clubs and were under the direction of C. Ray Rupp Jr., of the Elks lodge. Henry Herring of the Moose was general chairman for the parade, Roy Mihlmes, of the Eagles,

4-H Baby Beef Winners

Ten of the Adams County entrants whose steers placed in connection with the York-Adams Baby Beef show and sale at Thomasville were members of two families. Four of the seven steers selected to represent Adams County in the state Farm Show were raised by children of Mr. and Mrs. Theron Bair, Littlestown R. 2. The youngsters, shown last summer with their steers, are, left to right: Donald, Shirley, Larry, Linda and Dale. Linda's steer was the only one of the five not chosen for Harrisburg, but her entry won sixth place at Thomasville Wednesday.

Five children of Mr. and Mrs. Francis Murren shown preparing the Angus raised by Patrick Murren are, left to right: Patrick, Steven, Mark, David and Michael. Steers of Patrick and Mark were chosen for the state Farm Show. Steven's won second place in the Hereford lightweight class at Thomasville; David's eighth in the Hereford medium class, and Michael's second in the Angus heavyweight division. (Times Photos)

problem of making more parking areas available more frequently during the day and contribute in some measure to an increase in shopping," a member of the committee said.

Last Wednesday morning

a check of newly metered parking areas revealed that districts usually filled to capacity were virtually barren.

At the same time, activity on public and private parking lots had increased, while non-metered, outlying areas also indicated an upward trend as a parking preference.

One week later, a similar inspection echoed the results of the preceding week. There were ten vacant parking spots ringing the square. Areas north, east, south and west were little more than dotted with parked cars by comparison with usual traffic.

There were 24 open meters on Carlisle St., in addition to seven which were closed to assure a smooth flow of traffic at a street repair site.

A check along several blocks of Baltimore St. showed 34 unused meters, including five which had been closed due to street repair work.

On Chambersburg St., 33 meters were idle, while on York St. 47 meters showed the red tag of vacancy.

Stratton St. accounted for 18 meters not in use, and Middle St. contributed an additional 23 openings, for a total of 174 idle meters in the areas observed.

There has been at least one accomplishment . . . motorists are not having any trouble finding a place to park.

There are no restaurants or hotels in the little Himalayan kingdom of Bhutan.

the parade chairman. Robert Swisher, of the VFW, president of the Gettysburg Association of Clubs, served as overall director for the Halloween programs of parade and paintings by the school children, conducted by the clubs group.

Swisher, following the parade, expressed the appreciation of the association and committee for the "outstanding assistance and participation by everyone concerned."

Adams Electric Is Host To Farmers

Gettysburg Young Farmers and their wives were guests Tuesday of the Adams Electric Cooperative. Nineteen young farmers and their wives were taken first to the Hall of Presidents and then to the Cyclorama before touring the headquarters of the Adams Electric Cooperative and eating lunch at the Peace Light Inn.

In the afternoon they went to Hanover for a tour of the Double-day Company plant.

A guest for the day was William Winterstine, Gettysburg R. 1.

SITE SELECTION SOON

WASHINGTON (AP)—President Eisenhower's commission on selection of a city for a 1964 world fair probably will make its recommendations within a week, the White House says.

The three cities bidding for the fair are New York, Washington and Los Angeles.

U.S. Launches 1st Space Balloon Over Va. And Calls It Big Success

WASHINGTON (AP) — The United States has a spectacular new entry in the space derby — a balloon as big as a 10-story building that inflates 250 miles above the earth.

The first space balloon launching Wednesday at Wallops Island, Va., was a smashing success. Not only did the balloon perform as planned, it startled the dickens out of hundreds of citizens all over the Eastern Seaboard.

The balloon 100 feet in diameter, was the biggest object anyone has ever sent up into the fringes of space. But it weighed only 130 pounds.

Visible Ten Minutes

It was not meant to go into orbit, and soon fell back into the sea. It was visible for 10 minutes. Later the National Aeronautics and Space Administration hopes to put some of these giant space travelers into orbit around the earth.

The balloon, fired at 5:40 p.m., caught the rays of the sun at the top of its flight. As it unfolded up there, its aluminized surface caught the light at different angles and sent forth myriad flashes of reflected sunlight.

Many who saw it thought it was a flare, surrounded by sparks.

No Advance Announcement

The project was not announced in advance and nobody knew what it was.

Prof. Robert Brown, director of the Moonwatch station at New Haven, Conn., said it looked like "the craziest thing in the world."

Civil Defense officials checked in with their headquarters within minutes. Newspaper, police and radio station telephone switchboards were glutted with calls.

The balloon was sent up in a two-stage rocket with a thrust of 130,000 pounds.

To Be Reflectors

The space agency said the whole huge balloon was folded into a container 26½ inches in diameter. The sphere was made of plastic and coated with silvery aluminum outside.

After the balloon was released 250 miles up, air trapped inside it began to expand it. Then four pounds of water in two plastic bags was released inside the balloon. At that altitude the water expanded into vapor and completed the blowing up of the balloon.

NASA hopes to send these balloons into orbit 800 to 1,000 miles above the earth. They will be used as reflectors of radio signals.

KEY WEST, Fla. (AP)—The 20 persons, including a woman, aboard the British sailing vessel Crystal were reported all safe as the disabled 445-ton craft made port here today.

The 225-foot vessel asked assistance about noon Wednesday while en route to Key West. She reported a hole in the forward hold and said water was coming in faster than the pumps could handle it.

The space agency reported the balloon, sent to 250 miles by rockets, finally fell into the sea.

YORK COUNTY RR CROSSING UNDER FIRE

HARRISBURG (AP)—The Pennsylvania Railroad will place a flagman at a York County crossing where a man was killed last week pending public hearings on whether automatic equipment or other protection should be established.

The Public Utility Commission, which will conduct the hearings, said Wednesday the railroad agreed to have crewmen protect the Memory Lane Grade Crossing in Springettsbury Twp.

The PUC launched an investigation after Donald F. Straub, 24, of York, was killed last Wednesday when his auto crashed into a locomotive at the crossing.

Three Properties Are Transferred

Deeds have been filed in the office of the register and recorder for property transfers as follows:

Frederick and Pearl L. Gerberick, Littlestown, to Lorn L. and Dixie Lee Wetzel, Germany Twp., a tract in Germany Twp., \$8,750. Earl W. and Grace E. McLaughlin, Fairfield, to Raymond and Shirley M. Alexander, Fairfield, a tract in Fairfield, \$7,500.

Allen I. and Lois A. McDonnell, and George and Barbara K. Gorman, Straban Twp., and Biglerville, to Sterling M. and Betty L. Kint, Biglerville, a lot in Biglerville, \$1,440.

Re-name Snyder President Of P. O. S. A. Group: Jesse E. Snyder, a member of the Gettysburg camp of the Patriotic Order Sons of America, was re-elected president of the Past Presidents' Association of the P. O. S. of A. of Adams County at the annual organization meeting of the organization Wednesday evening at Ardenstville.

Washington Camp No. 453 of Ardenstville was host to the county organization. Seven of the eight camps of the order in Adams County were represented.

The other officers named Wednesday evening follow: Vice presidents, Arnold Orner, Ardenstville; Bert Stock, Littlestown; M. A. Miller, Gettysburg; John Duttera, Bendersville; George D. Sheely, New Oxford; H. G. Deatrick, Hunterstown; and C. Ralph Hart, Heidlersburg; secretary, Blaine Bushey, Ardenstville, succeeding Ernest Sentz, Littlestown, and treasurer, C. E. Stallsmith, Gettysburg.

Substitute P. O. Clerk Is Named: F. Harmon Furney, North Stratton Street, manager of the American Store on Carlisle Street, will begin work on Monday at the Gettysburg post office as a substitute clerk, it was announced today by Assistant Postmaster George P. Black.

Mr. Furney's appointment was made from the current eligible list which he headed with an earned rating of 97.2 per cent. His appointment was made necessary by the extended illness of Luther E. McDonnell, a regular city carrier who has been unable to perform his duties since August.

Mr. Furney was graduated from the Gettysburg High School in 1934 as the valedictorian of his class and attended Gettysburg College.

Program Told For Lutheran Anniversary: Services marking the 14th anniversary and re-dedication of the Lower Merion Lutheran Church will open on Sunday and continue a week, the Rev. Lester M. Utz, of York Springs, the pastor, has announced.

College Cast To Give Comedy Friday Evening: Miss Arlene Spangler, Carlisle Street, will have the leading role in the Owl and Nightingale dramatic club's presentation of "Personal Appearance" in the Eddie Plank Memorial gymnasium Friday evening at 8:15 o'clock.

Ardenstville Cast Revealed: "The Patsy" a three-act comedy, will be presented by an Ardenstville Vocational High School cast on December 1 in the high school auditorium for the benefit of the senior class.

The various roles will be played by Ellen Morgan, Mack Raffensperger, Doris Taylor, Clarence Oyler, Cecelia Myers, Bruce Raffensperger, Pauline Allison and Robert Kane.

The play will be directed by Miss Virginia Storrick, teacher of English at the high school.

Mr. St. Mary's To Build Pool: Plans for the construction of a large swimming pool by means of deepening and developing St. Anthony's lake on the college grounds, have been announced by Mt. St. Mary's authorities at Emmitsburg as a part of the program of expansion of facilities and improvements on the campus.

Today's Talk

"EVERYTHING SHORT"
I recently walked into the newsroom of a great newspaper and there upon all the pillars and walls was tacked this sign: "EVERYTHING SHORT."
It made me think. Why? Well, in the first place, it saved newspaper space, which is more valuable than ever these days. Also it encouraged brevity of statement and a concentration of words and facts. It made possible a newspaper that went to its readers in a form that would not waste their time. It is a sign in the land. In every office. And it should be hung in the work chamber of every man's and woman's heart.

For life itself is very short, comparatively. We must all work and do—while yet there is time. And the watchword is this: "EVERYTHING SHORT."

Remember, too, it is the short statements that are remembered longest. Lincoln's Gettysburg speech, written on the back of an envelope. Memorized and remembered by millions the world over. Jesus Whose preserved teachings and philosophy could be concentrated into a small vest pocket book! Who could read His "Sermon on the Mount" and forget it?

It is said that very few ever penetrated the inner office of a certain business tycoon. He once stated that his time was worth a thousand dollars a minute. He would be believed in brevity.

If you have SOMETHING to say, say it—and pass on. But make "everything short." The whole world will travel with better ease, and you will do twice as much if you think and work and do in the terms of "EVERYTHING SHORT."

Tomorrow Mr. Adams will talk on the subject: "Getting Ahead" Protected, 1959, by The George Matthews Adams Service

Just Folks

WHAT HURTS
It isn't the bad that you did down here
When your time of life is through
That will hurt so much in that other sphere
As the good that you didn't do.

Oh, the times you slipped and the times you fell
Won't show when your race is won;
But it's going to hurt when you're forced to tell
The good that you could have done.

Legion posts of Adams County will conduct their second essay contest on Americanism among the seniors of the high schools of the county during the current school year. It was announced today by Frank J. Slonaker, Gettysburg, chairman of the committee in charge.

C. P. Keefer To Direct Music Contest Again: C. P. Keefer, supervising principal of the New Oxford schools, has been re-appointed music and speech contests director for Adams County, according to an announcement by C. Stanton Belfour, of the University of Pittsburgh. Mr. Keefer has directed the county program of the Pennsylvania Forensic and Music league since 1937.

Longstreet Memorial To Be Placed South Of Emmitsburg Road Facing The Round Tops: Announcing the selection of a memorial site along Confederate Avenue south of the Emmitsburg Road, and facing the Round Tops, members of the General James Longstreet Memorial Association at a meeting Friday evening in the Hotel Gettysburg launched an organized drive to clear Longstreet's name of false accusations and establish his money as a great corps commander in the army of the Confederacy.

After inspecting as many as five sites along Confederate avenue, the group, which was led by Mrs. Helen Dorch Longstreet, alert and gracious gray-haired widow of the Civil War commander, the memorial association representatives agreed upon a location between the Emmitsburg Road intersection and the extreme right of Longstreet's position.

OFFICERS OF S. S. ELECTED

The Chestnut Grove Lutheran Church recently installed officers and teachers of the Sunday School. Rev. Norman L. Bortner is the pastor.
Installed were: Arthur Livingston, president; Clair Trostle, treasurer; Alford Shull, superintendent; Raymond Lerer, first assistant; Curvin Smith, second assistant; Nancy Weigle, first assistant; Lois Hoffman, second assistant; Mrs. Lewis Johnson, pianist; Mrs. Eugene Smith, Mrs. Howard Wolf and Mrs. Ferman Speck, assistants.

CALLS BOMB HOAX INCIDENT "RIDICULOUS"

KANSAS CITY, Mo. (AP) — A bomb hoax interrupted a Maria Callas concert for 40 minutes Wednesday night but the tempestuous soprano brushed it off as "ridiculous."

Former President and Mrs. Harry S. Truman were among the 3,573 persons in Midland Theater when Missouri's Gov. James T. Blair stepped on stage after Miss Callas' first number and announced: "Ladies and gentlemen, the management has received a call which indicates danger for this audience, so we are asking you to leave this building for a half hour."

The audience calmly walked out, taking 10 minutes to clear the building, while police swarmed through the downtown theater.

Joking Mood
Miss Callas remained in her dressing room during the search and joked about the scare. The concert was finished without incident after the audience returned. At a reception afterward, a reporter asked Miss Callas what she thought about the incident.

"Please," she said, smiling radiantly and crossing her hands under her chin. "Let's not discuss it."
Anonymous Call
The orchestra was playing an overture when a man called the theater box office and police headquarters. He told the police dispatcher: "There's a bomb planted in the orchestra pit at the Midland Theater that's set to go off at 9:30."

LOCAL KICKERS LOSE TO JAYS

Johns Hopkins handed the Gettysburg Bullets their fourth straight soccer loss as they walked the Orange and Blue 4-2 here Wednesday afternoon.

Gettysburg was the first to break the ice when Gary Pluff hit the nets in the first frame. Seven minutes later the Blue Jays came back with two quick goals to go out in front 2-1 at half-time. Sal Cvomo, the spark plug of the Baltimore outfit, rammed through both goals.

Gettysburg made it 3-2 in the third frame when George Seitters tallied another point but Bill Meyers, Johns Hopkins' center forward, followed Seitters with another goal and landed his second shot in the fourth frame to rack up the win for the visitors.

The Bullets will travel to Lancaster on Saturday to meet Franklin and Marshall at 3 p.m.

"Having a dog requires a three-month training period. Later, the dog must be led and walked regularly. There is no such problem with a cane. Besides, a cane in a classroom aisle is not as much a problem as a dog would be," he said with a quick smile.

What is his classroom and study routine? Does he find himself at a disadvantage?
"I wouldn't say so," he said thoughtfully, as he produced a somewhat loom-like, small metal apparatus. "This is a Braille 'slate,'" he said, as he sat on the bed examining the object with his hands. "On it is a combination of dot arrangements... an alphabet. By tracing certain patterns with a stylus, I am able to take 'notes' in a form of shorthand during the lectures."

Uses Typewriter
"When I return to my room, I expand the notes and transform them to my regular binder according to subject."

"In the case of examinations and tests, essays, for instance, the professor will write the questions on the board and then dictate them. Later, I go to the professor's office with a portable typewriter and type the answers."

All this activity takes place within the classroom hours of the college day. As a result, Weber is able to take advantage of prescribed study periods in the afternoons and evenings, without having the periods interrupted.
His efforts at a routine student life are supported, in part, by the facilities of the New Jersey Commission for the Blind to which he subscribes.

Dean's Wife Serves
"I send them text books which volunteer readers record on 33 1/3 rpm records, which are sent back to me," he said, showing one of a number of record albums. "In case I need emergency service, such as an unexpected assignment, I send the text to Dean Shainline's wife, and she performs a similar service for me, sending the needed recording back the next day."

He walked to the other side of the room where he took two large maps from the top of a closet. "These," he said, returning and showing the map, "are two samples of the maps I use. One is a physical map showing various land and continental areas, while the other, a political map, shows bodies of water. While most maps have the full name of a place written next to it, these give only the first letter of the town, or place, in Braille. Each map has its own key and with the key I can determine what the place is."

What does he do for relaxation?
"I enjoy playing chess. I learned to play last July. I have a peg-type chess set here. The white pieces have a smooth top, the black pieces a carved top. I have won some games, but I have lost more," he said laughing.

He produced what, at first glance, appeared to be an ordinary deck of playing cards. "I also enjoy playing cards. In the corner of each of these cards is the Braille initial for the suit. There is also an initial for picture cards, while the smaller cards are recognized by a number and letter system, indicating the suit and card itself."

"Weight-lifting is my hobby," said the well-developed youth. "I also work for the school paper as a feature writer, and I may go out for the wrestling team." And like all collegians, he finds "bull sessions" entertaining.

Rents Library Books
"In addition, I obtain books from the library in Philadelphia, either in Braille or recorded versions. I receive the Braille edition of the 'Reader's Digest,' which comes in four volumes to the issue, minus the advertisements." Another publication to which he subscribes is a quarterly, "New Adventures," a digest of varied and interesting subjects selected from a number of leading magazines.

Weber likes to be prompt. He explained the functioning of a special wrist watch he was wearing. "When I press the stem the crystal pops open. Key numbers—three, six and nine—are told by three dots; other numbers by one dot. I also removed the glass from that alarm clock," he said, indicating one on a shelf, "so that I can tell by the position of the hands what time it is."

Weber's eyesight began to fail when he was quite young. At the age of seven he became totally blind as the result of glaucoma, a chronic eye disorder. He is,

FIND ENDS ON EAST COAST GRID TEAMS

By HUGH FULLERTON JR.
Associated Press Sports Writer
NEW YORK (AP) — Eastern football this year can supply enough good ends to stock a couple of All America teams. There also are some first rate guards and quarterbacks who deserve national recognition.

The top ends include Pittsburgh's Mike Ditka, whose crashing blocks and tackles have earned him the tag of "hatchet man"; Rutgers captain Bob Simms; Army's "lonely end," Bill Carpenter; Penn captain Barney Berlinger and Syracuse's Fred Mautino.

They're all about the same size—6-2 and 207 to 219 pounds—and adept at all phases of end play.

Power-Packed
Ditka, from Aliquippa, Pa., is listed in the Pitt program as weighing 208 but hits as if he carried 20 more pounds. He's a defensive standout, a fine pass catcher and the team's best punter.

Penn State quarterback Richie Lucas, a 185-pounder from Glassport, Pa., has been drawing rave notices from coaches all season. He's a double threat on offense since he developed passing accuracy this year. He gains well on rollout plays and he's a standout on defense. Army's Joe Caldwell, Pitt's erratic Ivan Tonic and Navy's Joe Tranchini must be rated behind him at this stage of the season.

Two other Syracuse players, center Al Bemiller and tackle Maury Youmans, rate notice among the leading linemen along with Penn State tackle Andy Stinchula. Army guard Al Venderbush and Yale center Mike Pyle.

ARMY PLAYER IS FIRED UP FOR AFA TILT

By JACK CLARY
WEST POINT, N.Y. (AP) — Army halfback Bob Anderson, who drew raves during his first two seasons but hardly a whisper this year, may turn out to be the big difference Saturday against the Air Force—and the Air Force may have itself to blame.

The reason? A cartoon earlier this year in an Air Force publication depicted the Army foot soldier as a bedraggled figure in comparison with the sleek space cadet in the Air Force of the future.

Anderson, whose brother is an Air Force jet pilot in Germany, saw the cartoon and fired a salvo at the Air Force football team.

"We're going to clean their clocks," he said. "They made us mad and we want to beat them almost more than we want to beat Navy."

Anderson is the lad that could do it. As a soph in 1957, he was a sensation. Last year, playing alongside All America Pete Dawkins, he helped the Cadets to a 3-0-1 record and the Lambert Trophy. Everyone figured this was his year.

But in the second game, against Illinois, he severely injured a knee cartilage early in the game, which Army lost 20-14. He missed the

however, able to recall a number of colors and forms.

The friendly youth is anticipating the Thanksgiving holiday when he will visit with his parents, Mr. and Mrs. Edgar Weber of Jamesburg, N. J. "Traveling is no particular problem," he said. "When necessary, people are helpful, particularly when I make a change at a station. I am used to traveling, though, because of my days at the Overbrook School for the Blind in Philadelphia."

Two Bigler Lads In X-Country Meet

Two Biglerville High School trackmen have been entered in the District 3 cross-country run to be held Friday afternoon at Reading. John "Pete" Byerly, sophomore, who won the district mile championship last year, and Arthur Miller, a fast improving junior, will represent the Cannons.

Individuals finishing in the top 10 places are eligible to take part in the state meet at University Park on November 7. The winning team will also represent the district.

Don Sterner, Cannon track coach, will accompany his runners to Reading.

LEOPARDS TO MAKE CHANGES FOR BULLETS

EASTON — Major position changes have been so successful for football coach Jim McConlogue at Lafayette College that he plans two more in preparation for the Leopard game at Gettysburg Saturday.

McConlogue has moved fullbacks Marion Vujevich, Clairton, Pa., and John Franco, Newport, R. I., to halfback roles to provide additional strength behind his first two units there.

The coach said the fullback position is reasonably strong now that powerhouse Don Nikles, Nazareth, Pa., is back in play with two good reserves in Dan Wooten, Camp May Court House, N. J., and Rudy Guenther, Belford, N. J., behind him. Nikles was out of action for two weeks because of a leg injury.

Wooten has played extremely well at fullback after becoming one the day before Lafayette's game with Temple a week and a half ago. Formerly an end, he has carried 18 times for 58 yards in two games and done well defensively.

End Don Westmaas, Jamestown, N. Y., a halfback until the Temple game, was voted outstanding lineman in that game and has been a starter at end ever since.

Candidates Fail To Swing Audience

SALT LAKE CITY (AP) — Utah Gov. George D. Clyde a Republican, and former GOP Congressman William A. Dawson addressed a small group of Young Republicans.

After the speeches, the Young Republicans were polled on their choice of a governor.

Clyde and Dawson each received nine votes.

The other 13 went to former Gov. J. Bracken Lee who left the party in 1956 after he lost the nomination to Clyde in a party convention.

A Dutch linguist says he has worked out a new language based on pure mathematics. He says it can be used to talk to creatures from other worlds.

Penn State game, also lost by Army 17-11.

Coach Dale Hall sees Anderson in a two-pronged role against the Air Force. Since his running is hampered by his inability to cut and slant sharply, he has proved his worth as a passer on the pass-run option play.

Last week he completed four, and has five of eight for the season for 64 yards.

The argument continues Saturday before 72,000 in New York's Yankee Stadium.

Albert W. Johnson Has Served 13 Years In State's Legislature

(Editors: This is the third in a series of four personality sketches on statewide candidates for judicial office in the Nov. 3 election).
Albert W. Johnson, Republican, Superior Court

By THE ASSOCIATED PRESS
Gandy-dancer, accountant, small-town lawyer, legislative leader and expert mandolin player. These are the faces of Albert W. Johnson, Republican candidate for State Superior Court.

Johnson, 58, is also mild-mannered and hard working, the latter developed under the training of his Swedish-immigrant parents and the realities of being the seventh among nine children.

His father was a railroad laborer whose highest position was a maintenance foreman. As a boy Albert worked during summers with his father's construction gangs, known in railroad jargon as gandy-dancers.

Accountant To Lawyer
The sandy-haired slight-built Johnson later became an accountant after studying two years at the University of Pennsylvania's Wharton School of Finance.

Friends advised him to try law and recommended a little law school in Florida with a big reputation, Stetson University at De Land. Johnson packed up his accounting business and for four years conducted it via the mails while he earned his law degree.

It was 1939 and he was 33 years old when he began practicing law back in his native Smithport, in northwestern Pennsylvania's McKean County.

Served Since 1946
By then he already had a family of three—soon to be enlarged to four—a growing reputation in McKean County and 15 years of experience working for the Republican Party.

Party leaders tapped him on 19 to run for the Pennsylvania House of Representatives. He's served ever since.

When the House Republicans organized this season, they elected Johnson the floor leader for the third time.

BERLIN (AP) — Bishop Otto Dibelius, head of the Evangelical Lutheran Church in Germany, has been barred from further activity in East Berlin, a Communist newspaper reported today.

The 79-year-old church leader has been under fire from the Communists for saying Christians are not bound to obey Communist laws.

GHSPS Plays At Waynesboro Saturday Night; L-town Hosts Carlisle On Friday

Gettysburg High as well as two other county scholastic teams have football engagements on Saturday. The Warriors meet Waynesboro on the latter's field at 8 p.m., Delone is at Cumberland Valley at the same hour, while Biglerville tangles with West York Saturday at 2 p.m. at West York.

The top game Friday at 8 p.m. is the scrap between Littlestown and Carlisle at Littlestown. Bermudian is at Spring Grove for an afternoon engagement at 4 o'clock.

Gettysburg At Waynesboro
If the Gettysburg High Warriors are to crash into the South Penn Conference victory column this season they had better do it when they meet Waynesboro on the Indians' field Saturday evening at 8 o'clock.

The Warriors still have engagements with Carlisle here November 6 and at Hanover on November 13 and both of those games figure to be even tougher than this week.

Waynesboro, like Gettysburg, has won but one game during the entire season. The Indians lone victory was a 6-0 decision over Scotland. They have lost to South Hagerstown 7-6, Middletown 6-0, Hershey 14-6, Carlisle 27-7, Hanover 8-7 and North Hagerstown 21-0.

Loser In Cellar
The loser of Saturday's game will probably be destined to finish in the league cellar. Waynesboro is currently 0-4 while Gettysburg is a notch higher with an 0-3 record.

Gettysburg's hopes were somewhat dampened this week when Don Goldsmith, guard, dislocated his left knee which will probably put him on the sidelines for the remainder of the season. However, Bill Kint, John Holoka and Jim Sneed are all ready for guard duty and should take up the slack. Bim Miller, quarterback, is nursing a swollen elbow but should be ready.

There are 10 lettermen on Coach "Zip" Zehler's Waynesboro squad and, although losing six of seven games, the Indians have given all opponents keen battles.

The spirit of the Gettysburg squad this week has been surprisingly high in view of four straight league defeats in which the Warriors have failed to score and Coach Young expects his charges to put forth one of their best efforts.

Last year the Warriors downed Waynesboro 21-0. Gettysburg holds a 20-12 lead in the series with two games having ended in ties.

In the only other league game this week Mechanicsburg plays at Middletown Friday night. Non-conference games Friday include Carlisle at Littlestown, Chambersburg at North Hagerstown, Westminster at Hanover and Susquehanna at Hershey.

Carlisle At Littlestown
A man-sized job awaits the Littlestown High School Thunderbolts Friday evening when they tangle with Carlisle of the South Penn Conference on the Littlestown gridiron.

The Bolts have come up with one of their finest teams and have a string of six straight victories following an opening game loss to Shippensburg. They have already clinched the Laurel Conference title for the second consecutive year and in doing so were undefeated by five opponents.

Carlisle, dethroned this year by Hanover after four successive SP titles, lost no less than 22 lettermen from last year's squad but Coach Ken Miller has done a good job with inexperienced players to compile a 2-4 record against strong opponents. The Thunderbolts have defeated Middletown 14-0 and Waynesboro 27-7 while losing to Delone 13-0, Hershey 7-0, Central Dauphin 27-7, and Hanover 24-3.

Both teams this year have been rated as defensive-minded and the game shapes up as just that such a scrap. Littlestown has permitted but two touchdowns in its seven games.

PSU, SYRACUSE PICKED TO WIN ON SATURDAY

By RALPH BERNSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP) — There is an old saying that things get worse before they get better. We hope the worst has been experienced. Last week's mess lowered the average to 693 on 113-50-4. Here goes nothing.

Penn State over West Virginia—The Nittany Lions try to emulate Syracuse.

Syracuse over Pitt—The Panthers need a Taft-Hartley injunction to restrain the Orange.

Bucknell Over Lehigh
Penn over Harvard—If the Quakers don't suffer a Navy letdown. Scranton over Juniata—The Blue Plate special.

Dayton over Villanova—We give up.
Bucknell over Lehigh—Last week was the first Bucknell game prediction right in this corner.

Doesn't Pick Bullets
Lafayette over Gettysburg—On the bounce.

Hofstra over Muhlenberg—The New Yorkers have it.

Temple over Drexel—At long last, the end of the losing streak or we'll eat our predictions.

West Chester over Millersville—Just so we'll have one right.

Other Selections
Skipping over the chalklines: PMC over Lycoming, Susquehanna over Wilkes, Gallaudet over National Aggies, Albright over Moravian, E. Stroudsburg over Bloomsburg, Wesleyan over Swarthmore, F. & M. over Westminster Maryland, Shippensburg over Cheyenne, Hampton over Lincoln.

Delaware over Rutgers, Wagner over Ursinus, Kutztown over Mansfield, Lock Haven over Slippery Rock, St. Vincent over Kings, Lebanon Valley over Grove City, Allegheny over Dickinson, Muskingum over Wayneburg, Westminster over Indiana, Hiram over Edinboro, California over West Liberty, Geneva over Carnegie Tech, John Carroll over Thiel, Bethany over W. & J.

KOVACS LEADS GRID SCORERS
NEW YORK (AP) — Scoring three touchdowns last Saturday for the second week in a row, Cincinnati's Ed Kovacs has climbed to the top of the list of the nation's football scorers, displacing Pervis Atkins of New Mexico State.

Kovacs has scored 10 touchdowns for 60 points to Atkins' nine touchdowns and one extra point for 55, according to statistics released today by the NCAA Service Bureau.

Stanford's Chris Burford continued his season-long domination of the pass receivers. Last week, he caught five passes to bring his total to 31 and increase his lead over Army's Bill Carpenter to three. Gail Cogdill of Washington State has caught only 22 tosses but is the yardage leader with 397.

Paul Maguire of the Citadel Saturday for a total of six to lead in that department.

BLANKS TOKYO GIANTS
TOKYO (AP) — "Iron Man" Tadashi Sugiura shut out the Tokyo Giants 3-0 on five hits today for his fourth straight victory and sweep the Nankai Hawks to their first Japan "World Series" baseball championship.

Altogether, Sugiura, a right-hander who pitches with a "submarine" style, twirled 31 innings in winning four games over a six-day stretch. He was the MVP award in Japan's Pacific League this year with a fantastic 38-4 record.

L-TOWN JR. HIGH BOWS AGAIN TO KENNARD-DALE

Littlestown Junior High (1-2) suffered its second defeat at the hands of Kennard-Dale 27-7 Wednesday afternoon on the Littlestown field. Kennard-Dale is unbeaten, its victory being its fourth straight. Previously the K-D outfit topped Littlestown 26-0.

The Rams scored in each period, the first quarter score coming on a 52-yard run by Bob Preston following his interception of a Littlestown pass. Ron Pomraning plunged for the point.

Gary Torbert took a pitchout in the second quarter and raced 30 yards for a score. Johnny Johnson ran over for the point as K-D led 14-0 at half time.

Another pitchout, this time to Pomraning, followed by his run of 64 yards, gave the Rams another six-pointer in the third frame. A pass, Preston to Clyde Burkins, added the point.

A 29-yard pass, Pottoft to Kuhn, produced Littlestown's lone score early in the final period. Another aerial, Koontz to Kuhn, was good for the extra point.

The Rams notched their final TD late in the game on a 40-yard pass play, Preston to Burkins.

Littlestown winds up its season next Wednesday at 7 p.m. when Susquehanna will be met on the Bolts' field.

DETROIT PILOT WOULD SETTLE FOR PLAYOFF

NEW YORK (AP) — Coach Sid Abel of the Detroit Red Wings, the surprise team of the National Hockey League, still is sitting on Cloudy Nine today. But he's not shooting for the moon.

"I'll settle for a playoff spot right now," he said. This despite the fact that his Red Wings are in second place, trailing the pace-setting Montreal Canadiens by four points. The Wings also have played three less games than the defending champions.

"After finishing in the cellar last season we just had to make some changes," Abel said, "and it looks as though they have paid off. Montreal is still the class of this league, but we'll call it a successful year if we finish among the first four."

Lost 3-0 Lead
Despite their 5-1-2 record, the Wings may be headed for trouble. They stumbled a bit Wednesday night, dissipating a 3-0 lead to the New York Rangers who rallied to gain a 3-3 tie in Madison Square Garden.

Worse than that, Terry Sawchuk, the Wings' star goalie, aggravated a leg injury received in Sunday's game against the Canadiens. Sawchuk has been an early season sensation, permitting only 10 goals in eight games.

In last night's other NHL game, the Canadiens extended their unbeaten streak to six by playing a 1-1 tie with Toronto. Maurice Richard scored for Montreal in the first period and Dickie Ifford evened matters for the Leafs in the third.

West Chester Team Locked In Grid Tie

KANSAS CITY (AP) — West Chester (Pa.) State Teachers College and Louisiana Tech are in a tie for seventh place in the football rankings of the National Assn. of Intercollegiate Athletics.

The rankings for this week were released Wednesday. West Chester's record this season is 5-0; Louisiana Tech's 4-1. West Chester also has a string of 14 consecutive victories.

NEW YORK (AP) — The New York chapter of the Baseball Writers' Assn. of America will hold its annual dinner Sunday, Jan. 31, 1960.

The membership re-elected Barney Kremenko, Journal American, president; Dick Young, News, vice president; and Sid Gray, Herald-Tribune, secretary-treasurer.

Joe Reichler, Associated Press, was named to the board of directors, joining Dan Daniel, World-Telegram and Sun; Ken Smith, Mirror, and Joe Trimble, News.

Pony Trotters Race On Sunday

The Maryland Pony Trotting Association plans to hold its last race of the season Sunday at 1:30 p.m. The 4-mile track is located on Route 15 at Mountaineer Rd., seven miles south of Thurmont.

A fine program of races is planned drawing ponies from Maryland, Pennsylvania, and Virginia. Races will consist of six races, 12 heats of 1/2 mile each, to include a maiden trot, Classes A, B and C trots, a winner's trot and a consolation trot.

RUCKUS OVER LANE WIN BY SPLIT VOTE

By WHITNEY SHOEMAKER
WASHINGTON (AP) — Kenny Lane's gory and rumpus-raising decision over former welterweight champion Virgil Atkins made him a threat in three divisions today.

With blood streaming over both fighters at the finish, Lane won a split decision in a nationally televised 10-rounder at Capitol Arena Wednesday in his welterweight debut.

The triumph broke a yelling, whistling crowd stamped Lane, the Muskegon, Mich., southpaw, as a credible prospect in the 147-pound division. He is still ranked second behind Carlos Ortiz among contenders for Joe Brown's lightweight crown and is as good a bidder as any for the junior welter title held by Ortiz.

For a moment Lane appeared doomed to a third round technical knockout after Atkins jabbed open a cut over Kenny's right eye.

As blood gushed from the wound, referee Ray Bowen called in ring physician David Gordon to check Lane's eye. With Gordon came Kearns and his aides, who patched the injury as the doctor examined it.

Rival manager Bernie Glickman and his contingent then stormed the ring for an arm-wagging ruckus with Kearns, Gordon and Bowen. They howled that Gordon had stopped the fight but changed his mind.

Lane said the physician had indicated the match was over but finally concluded it should continue for a while, at least. That saved Lane, who in the sixth slashed a gory cut near Atkins' left eye.

Bowen scored the battle an 89-89 draw but judges Charley Buck (98-91) and Joe Buns (94-93) gave Lane the verdict. The Associated Press also had Lane ahead, 93-90.

Lane weighed a surprising 144½ lbs. for him, against Atkins' 146. Kenny's record is now 57-7. Atkins' is 50-24-1.

NCAA TO TEST AMENDMENT

BOSTON (AP) — The NCAA, governing body for collegiate athletics, will be presented with a recommended amendment aimed at regulating play of alien athletes when the group meets in its annual convention in New York Jan. 6-8.

The amendment was approved Wednesday by the NCAA Council, the group's policy-directing body, in a move that Executive Director Walter Byers said was "designed to regulate the older boys coming over here to compete against younger boys."

Would Set Limit
The amendment would limit the number of semesters alien athletes could compete, place age limits on such players, and impose residency requirements before such athletes would be eligible to participate in national championship competition.

Alien students would be limited to 10 semesters or 15 quarters eligibility for all competition, and would be limited to three years after reaching the age of 20, two years after 21 and one year after 22.

Mrs. Torgerson Is Leading Tourney
PINEHURST, N.C. (AP) — Mrs. R. M. Torgerson of Forest Hills, N.Y., carries a one-stroke lead into today's final 18-hole round of the North and South Senior Golf Tournament.

Mrs. Torgerson had a 37-42-79 Wednesday, a stroke better than Mrs. Charles Bartholomew of Brookline, Mass. She had a 40-40-80.

Mrs. Torgerson who has won the New York State amateur championship five times one-upped the first five greens. She needed only 12 putts on the front nine.

Mrs. Estelle Page of Chapel Hill, N.C., had rounds of 43 and 39 for 82, good for third place in the field of 231.

PHILADELPHIA (AP) — The Penn State Club of Philadelphia will see the Penn State vs. Virginia football game here on closed circuit television.

Members of the Liberty Bowl football game committee also will see the Saturday telecast from Morgantown, W. Va. Penn State is one of the teams being considered for the first annual bowl game in Philadelphia's Municipal Stadium in December.

WYOMING TO APPEAL ITS PROBATION

By BOB GREEN
BOSTON (AP) — The University of Wyoming is expected to appeal a decision by the NCAA council which placed the school on probation for a year and ruled the cowboy football team ineligible for post-season bowl games.

"We don't think we violated the NCAA code and we've been trying to play it real straight," Wyoming head football coach Bob Devaney said in Laramie, Wyo., Wednesday after the policy-directing body of the powerful NCAA handed down its decision.

Devaney said he plans to appeal the ruling, which would knock his team out of a trip to the Sun Bowl game.

Another Appeal
And in Bozeman, Mont., the Council of Deans at Montana State College unanimously agreed to appeal for a review of another NCAA ruling placing that school on a two-year probation.

The college is host to the NCAA-sponsored ski meet in March. The action means that it cannot participate. The deans said they would appeal particularly the severity of the penalty.

Both schools were penalized for violations of the NCAA rules on recruiting and financial aid to athletes.

Wyoming In Lead
Wyoming currently leads the Skyline Conference football race, and was considered a prime candidate for a spot in the Sun Bowl game at El Paso, Tex., if it won the title. The NCAA action spoiled that.

The council, which concluded its regular fall meeting Wednesday, earlier had handed out probation sentences to Arizona State University at Tempe and the University of Mississippi. They also were punished for recruiting and financial aid violations.

"Wilt The Stilt" May Be Challenged
By THE ASSOCIATED PRESS
If anyone is going to challenge Philadelphia's Wilt Chamberlain for the rookie-of-the-year laurels in the National Basketball Assn., it looks like Bailey Howell.

Howell, former All-America at Mississippi State, has popped in 55 points in three games for a 17.7 average. Wednesday night, he scored 22 to lead the Detroit Pistons to a 117-102 victory over the Syracuse Nationals.

The Pistons trailed by four at halftime, but rallied for seven straight points early in the third quarter to put it away. Hal Greer was high for Syracuse with 22 points.

The triumph was Detroit's second in three games. Syracuse is winless in two.

South Dakota Back Tops NAIA Record
KANSAS CITY (AP) — Garney Henley, a 175-pound halfback for undefeated Huron (S.D.) College, has set a career scoring record for National Intercollegiate Athletic Assn. schools and he still has three games to play.

Henley scored 33 points — half of his team's total — last Saturday to run his career total to 363 points. That's two better than the NAIA record set in 1946-49 by Tank Younger with Grambling (La.) College.

Henley leads NAIA scorers for the season with 110 points but he is 25th among rushers with 647 yards on 71 carries.

ROOKIE OF YEAR
MONTREAL (AP) — Outfielder Charley James of Rochester, a 300 batter with a rifle arm, today was named the rookie-of-the-year in the International League for 1959.

James edged Bill Short of Richmond, receiving nine votes to eight for the left-handed pitcher. Short won 17 games for the Virginians the past season. James, former University of Missouri football star, had 18 homers and 79 runs batted in.

Up-and-down Jockey Competes For Honor
CAMDEN, N. J. (AP) — Manuel Naciniento Gonzalez, a 39-year-old jockey who has known the ups and downs of racing, hopes to complete a big double Saturday in the rich Garden State Stakes.

The Cuban could become the second jockey to win both the Gardenia and Garden State stakes in the same year. Only Willie Hartack has turned the trick thus far.

In 1957, Hartack won the Gardenia for 2-year-old fillies aboard Idun, and the Garden State for juveniles of either sex with Nadir.

60-MINUTE GRIDDER
LOS ANGELES (AP) — There probably aren't any 60-minute men left in football. But UCLA may have come about as close as anybody. It has a 50%-minute man.

He's Harry Baldwin, a 196-pound junior center who has played 200% of a possible 240 minutes in the Bruins' first four games.

Churchman Hits Khrushchev Visit

TACOMA, Wash. (AP) — A churchman says Soviet Premier Nikita Khrushchev's visit to the United States was the "greatest mistake our honored president has made."

Dr. Carl McIntire, Collingswood, N.J., president of the International Council of Christian Churches, said Wednesday President Eisenhower should scuttle the Soviet-United States exchange program. He said only the Soviets benefited.

RIP ENGLE IS WORRIED ABOUT W. VA. CONTEST
UNIVERSITY PARK, Pa. (AP) — Penn State Coach Rip Engle is concerned about what he fears may be a fatal weakness when his unbeaten football team goes against the Mountaineers of West Virginia University Saturday.

Can a team that ripped through six straight opponents, including the likes of Army and Illinois, running up the nation's eighth highest offensive total in the process, have a serious weakness?

Yes, declares Engle. It's the habit of looking ahead to the so-called big games on the schedule, meanwhile forgetting the work at hand.

Cites Experience
And against traditional rival West Virginia that can be pure murder.

Engle says his team has been up-and-down, in-and-out despite its sparkling record.

"We were pretty sharp for our opener against Missouri, then had to fight for our lives a week later against VMI," he declared.

"Then when we licked Army they started to play the Illinois game and we were lucky to get off with a 21-12 victory over Boston University. Now we've beaten Illinois and suddenly everybody keeps asking me about Syracuse."

Penn State, seventh ranked in the latest Associated Press poll, plays fifth-ranked Syracuse Nov. 7 here. The West Virginia game is at Morgantown, W. Va.

"The main job this week is to keep the players' minds on West Virginia," says Engle.

As Engle sees it, Mountaineer quarterback Danny Williams will pose State's biggest threat, especially on the roll-out, pass-run option.

CEPEDA SETS GOAL FOR '60
SAN JUAN, P.R. (AP) — Orlando Cepeda, National League Rookie of the Year in 1958 and his Sophomore of the Year in 1959, has already set one goal for 1960.

"I want to become a first class outfielder," he said today. "If I am going to play that position, I am going to try to make good. I do not want to become a player carried by a ball club just for his hitting."

The San Francisco Giants' slugger Wednesday was named the leading sophomore in the annual Associated Press poll. He drew 86 of the 172 votes cast by members of the Baseball Writers Assn. of America. Vada Pinson of Cincinnati was next with 66 votes.

Cepeda was shifted from first base to the outfield last August when Willie McCovey was brought up from the Pacific Coast League.

He batted .317 with 27 homers and 105 runs batted in with the Giants the past season. This was an improvement over his rookie campaign when he hit .312 and had 25 homers and 96 RBIs.

LAUREL, Md. (AP) — Maj. Gen. Sir Harold Werhner's Aggressor was named substitute Wednesday for the injured Primera as a representative of England in the \$100,000 Washington, D. C. International horse race on Nov. 11.

The 4-year-old Aggressor will team with Mrs. Arpad Plesch's Nagami as the English entries and keep the prospective field for the mile and half race on the grass at 12. Primera, owned by Stanhope Joel, was hurt in training last week.

SEPT. LOSSES PUT PENNSY IN RED FOR 1959

PHILADELPHIA (AP) — The Pennsylvania Railroad elevated two of its commuters Wednesday and reported a September loss that put the nation's largest road into the red for the first nine months of 1959.

James M. Symes, the PRR's president, was appointed chairman of the board the chief executive officer. Both posts have been vacant.

Allen J. Grenough, vice president in charge of transportation and maintenance succeeded Symes as president and also was made chief administrative officer.

Symes A Commuter
Symes explained that Grenough, who is 54, will take many of his old duties, concentrating primarily on administering policy. This, said Symes, will free him for the important tasks of policy making.

The board of directors, in announcing the appointments, said they were another step in the railroad's program of developing and strengthening the executive organization.

Another factor also was present. Symes, who is 62 and commutes daily from his home in suburban Haverford, will reach the retirement age of 65 in 1962.

Lost \$2 Million
Although he doesn't have to retire and there is no talk of his doing so, qualified observers indicated that Grenough would be groomed for the top job.

Before the appointments were disclosed, the railroad announced that it lost \$2,281,792 in September—wiping out the nearly two million dollars earned in the first nine months of 1959 and creating a deficit of \$449,346 for the year through September.

The steel strike was blamed for the September loss. It was compared with a profit of \$1,643,395 in September, 1958. The nine-month deficit, however, was compared with a loss of \$6,899,033 for the similar 1958 period.

Another Commuter

Grenough, who commutes daily from his home in suburban Wynnewood, has been with the railroad since his graduation from Union College, Schenectady, N.Y. Symes, too, has spent his life working on the Pennsylvania.

Grenough, who was born in San Francisco, the son of an Army colonel, earned a college degree in civil engineering. He worked in the engineering division of the railroad from his start in 1928 until 1945, when he was named superintendent of the Wilkes-Barre Division.

He has been general superintendent for transportation of the Eastern Division, and general manager of both the Eastern and Central divisions. In 1955 he was made vice president in charge of transportation and maintenance, a field in which he is considered an expert. He is married to the former Jean Lytle, of Lewistown. They have two sons.

Other Changes
Symes, who was born in Georgia and was graduated from Se-

wickley High school near Pittsburgh, is the son of a baggage master on the PRR for 50 years.

Symes began his career in 1916 as a clerk for the PRR in Pittsburgh and worked his way up in both the passenger and freight divisions. From 1935 to 1939 he was on loan to the American Assn. of Railroads as vice president of operations and maintenance. He was appointed president in 1954.

The railroad also announced these other appointments:

Park M. Roeper, general manager of transportation, succeeds Grenough as vice president.

A. Mosby Harris, regional manager of the company's Buckeye Region, with headquarters in Cincinnati, was made general manager of transportation.

Howard C. Kohout, assistant regional manager of the Lake Region, was appointed to Harris' post.

DESI ARNAZ IN 1ST DRAMATIC ROLE ON FRIDAY

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Desi Arnaz now is famous enough, popular enough and rich enough to do what he wants to do: act, and act seriously.

Viewers can catch Desi, late of I Love Lucy, playing his first dramatic role in 17 years Friday night on CBS' Desilu Theater.

And that's just the beginning for the Cuba-born multimillionaire head of a big busy television show producing company. After an overnight stay here, Desi is off for England, Rome and North Africa to star in some more television shows — and without wife Lucille Ball.

Scoffs At Rumors
That doesn't mean there's anything wrong in the Arnaz ménage,

he says, dismissing rumors of a split with the red-haired actress. She's now in New York, looking for a play.

"In the first place," says Desi, "I went into television producing so that I could do what I liked to do. And I like the creative side. Now I can take time off to find good material, and to act in stories I like."

Arnaz, now 42 and his hair powdered by gray, expects to have a sort of acting vacation — away from the executive cares of an organization which last season produced some 750 hours of TV entertainment and this year expects to do even better.

"I can go away and feel comfortable," he says. "I've got a good staff. But this is a funny television season — there's no pattern of viewing developing; a lot of shows are working against each other and it isn't doing anybody any good."

Friday night, for instance, his "So Tender, So Profane" on CBS overlaps with the final 30 minutes of NBC's highly touted "Moon and Sixpence" with Laurence Olivier.

GRANGE ASKS FOR CHANGES IN SALES TAX

BEDFORD, Pa. (AP) — A recommendation to continue the state sales tax with exemptions on "items for production and resale" is one of eight resolutions adopted by the Pennsylvania Grange.

Other resolutions adopted Wednesday at the group's 87th annual conference included:

The urging of compensation for unemployed part-time farmers; the urging of the state administration to rectify the "shameful condition" arising from the "practically bankrupt condition" of the state compensation fund; and the urging of an all-out effort on the part of the state to curb juvenile delinquency.

Convention Near Close
A singing quartet from Big Beaver Grange in Lawrence Coun-

ty won the chance to compete in the quartet contest at the National Grange conference at Long Beach, Calif., in November.

Valley Grange, 1420 of Elk County captured the top prize, a \$200 savings bond, in the community service contest of the state Grange.

The competitions were held Tuesday night.

The Grange winds up its convention tonight with election and installation of officers.

Kathy Crosby Is Sued For \$50,000

LOS ANGELES (AP) — Bing Crosby's wife, actress Kathy Grant, is accused of negligent driving in a \$50,000 damage suit filed by a retired businessman.

Herman S. Magad, 60, charges in a Superior Court action brought Wednesday that Miss Grant's auto struck a car in which he was riding last Nov. 12 in Hollywood. Magad said he suffered a neck injury and a cut on his chin. Crosby Enterprises, Inc., is named codefendant.

FIRE BY FRICTION

CGDEN, Utah (AP) — Here's how to make fire by friction, teachers George Jackson and Bob Prout told their pupils Wednesday as they twirled a stick in a can containing cedar bark.

Other students at Mount Fort Junior High smelled the pungent smoke and turned in a fire alarm. The science experiment moved outside.

MURPHY WILL LEAVE STATE DEPT. SOON

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The resignation of Robert D. Murphy as undersecretary of state has almost completed an unplanned shakeup in the State Department high command. It has been under way since Christian A. Herter took control last spring.

Two further developments are in prospect: a successor must be found to fill Murphy's key job. And Ambassador Charles E. Bohlen, veteran expert on the Soviet Union next week will assume a new post as Herter's special adviser on Soviet affairs.

The changes involving five policy-making positions could have important impact on the development of U.S. foreign policy toward various parts of the world, but Herter's associates say they were not made with any policy purpose in view.

Announced Wednesday
Murphy's resignation was announced by the White House Wednesday night. Murphy, 65, wrote President Eisenhower that he was resigning effective Dec. 3 for personal reasons. The President accepted the resignation "with deep regret, but with complete understanding."

Later Murphy told reporters, "It was an awfully tough decision to make." He said he wanted greater financial security and more time with his family than his State Department duties had permitted. He will take a job in private industry.

Murphy had turned down the job of ambassador to West Germany. The post will become vacant soon with the retirement of Ambassador David Bruce.

Herter became secretary last April 22, succeeding the late John Foster Dulles.

SLAYER IS EXECUTED

BELLEFONTE, Pa. (AP)—Roger Lee Williams, confessed triggerman in the \$30 robbery-slaying of a Philadelphia night girl, was executed Wednesday night in the state's electric chair at Rockview Penitentiary.

The 22-year-old Philadelphia Negro showed no emotion as he entered the death chamber at 9:01. After casting brief glances around the room, he eased himself into the chair. He offered no resistance as guards strapped him in and set the electrodes.

The executioner gave him two charges before Dr. J. G. Weixel pronounced him dead at 9:06.

Williams and two other Philadelphians, James Cater, 20, and George Lee Rivers, 19, pleaded guilty in the March 1956 slaying of druggist Lewis Viner.

Only Tuesday the U.S. Supreme Court denied Williams' last-minute plea for a stay of execution and commutation of his sentence.

Gov. Lawrence also refused a final request for a reprieve.

ASKS ACCORD ON ROAD WORK

HARRISBURG (AP)—Gov. Lawrence has asked for accord in the General Assembly and Congress to push federal and state highway programs.

In a speech Wednesday night at a Harrisburg Chamber of Commerce dinner, Lawrence said that in order to build needed roads "we must have the money, regardless of partisanship, regardless of the shortsightedness which springs from petty politics."

Lawrence's own highway department's request for a one-cent increase in the state gasoline tax has been pigeonholed in the Republican-controlled Senate. He did not mention this directly, however.

The Chamber of Commerce dinner was the climax to day-long interstate ceremonies marking the completion of the Susquehanna Expressway bypass at York and another section in Maryland.

Give Opinion On Firemen Insurance

HARRISBURG (AP)—A municipality which accepts the services of a volunteer fire company must provide workmen's compensation insurance for the volunteer firemen, according to a State Justice Department ruling.

A formal opinion handed down Wednesday said the insurance must be provided even though the municipality has an ordinance declaring that the volunteer company is not recognized by it.

The opinion was requested by the Labor and Industry Department. It was understood to have been prompted by a case in Sharon. The Justice Department did not give specific details, saying the opinion is general in application.

PPG Earnings
PITTSBURGH (AP)—Third quarter earnings of \$14,049,031 or \$1.42 per share of common stock were reported Wednesday by Pittsburgh Plate Glass Co.
This compares with net earnings of \$12,055,562 or \$1.22 a share for the same period last year.

Castro, "An Inspired Rebel" And Apparent Dictator, Raps U.S. View; Draws Criticism

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — If Fidel Castro is earnest about wanting a democratic Cuba, then why all the blood?

Prime Minister Castro has been in effect dictator since his rebel army last New Year's Day threw out Fulgencio Batista's dictatorship and took over.

He has called for land reforms, probably badly needed, and other social changes. But Cuba is in growing turmoil. Criticism of his regime is rising.

"Inspired Rebel"
He was an inspired rebel military leader but now gives the impression of a man too emotional, chaotic and disorganized to run a government.

As the heat increases, he thinks of vengeance. He calls for death for his enemies by firing squads and depends not on ballots but on mobs for support.

His government suspended Congress Jan. 6, put off new elections for 18 to 24 months, suspended criminal courts, and, through military courts, rolled up 553 executions by firing squads.

"Men Of The Law"
Yet he said Cuba will remain a democracy. "We are men of the law."

The firing squads worked for months, were finally stopped. But his troubles continued. This week he summoned 250,000 Cubans to a rally in Havana.

He outdid Hollywood by arriving in a helicopter, gun in hand, denounced the United States and asked the mob for approval for new firing squads. He got it.

This was reminiscent of last January when the firing squad execution of so-called war criminals was being severely criticized abroad and he called together a rally of a million Cubans to approve what he was doing to his enemies.

Form Of Justice
His idea of justice was to try a foe in a sports stadium, with not a single witness appearing in his defense, before 18,000 people. The crowd included American newspapermen his government invited down to see the spectacle.

This was what happened in the case of Maj. Jesus Sosa Blanco, who had directed Batista's army operations against Castro. There was never any doubt of the outcome: the major was sentenced to death before a firing squad.

Mob Appeal
When Castro addresses a mob he harangues, he screams, he appeals to hate in a way Hitler or Mussolini might have found refreshing.

He denies he is a Communist but turns with fury on any who say he is or complain that Communists are infiltrating his government.

He has done this three times to men once close to him.
On Oct. 19 Maj. Hubert Matos, one of Castro's most respected revolutionary leaders, resigned as commander of Camaguey province, charging the Castro regime was being penetrated by Communists.

Demand Execution
Castro had him arrested and before Monday night's mob virtually signed the major's death warrant by asking approval for Matos' execution by a firing squad. The mob responded: "Firing squads! Firing squads!"

On July 13 Manuel Urrutia, Castro's handpicked president, blasted Cuban Communists although declaring Castro's government "has absolutely nothing to do with Communists." Why this three Castro into an emotional spin is not clear. But it did. He accused Urrutia of "near treason."

On July 17 Castro denounced Urrutia on television and, in a play for mob support against the President, resigned as prime minister. A few hours later Urrutia resigned. Then Castro went back

as prime minister.

Chief Resigns
The most sensational case was that of Maj. Pedro Luis Diaz Lanz, who resigned June 30 as Cuban air force chief, fled to the United States, and told a Senate committee Castro was a Communist. Cuban officials called him a liar.

On Oct. 19 — the same day Matos resigned — Havana was plastered with leaflets from a plane flying over Havana. This was the latest of several similar leaflet air drops.

The former air force chief several days ago told U.S. authorities he had piloted an unarmed aircraft over Havana last Wednesday. Later he publicly denied this statement. He is in the United States.

PASTOR'S CAR IS STOLEN BY YORK FUGITIVE

YORK, Pa. (AP) — A minister saw Norman Bailey in a light truck in Hanover Wednesday. He asked if there was anything he could do now that Bailey was out of jail.

The Rev. Paul R. Wineka, pastor of the Otterbein EUB Church, then went indoors for a moment. When he returned he found his auto missing. The truck Bailey had been driving was nearby.

Then he learned that the 39-year-old Bailey, a resident of Hanover, had fled from a York County jail work detail. Bailey, who had only 33 days left of an eight-month term for forgery and passing worthless checks, left the detail about noon at the Pleasant Acres Prison Farm, taking the truck.

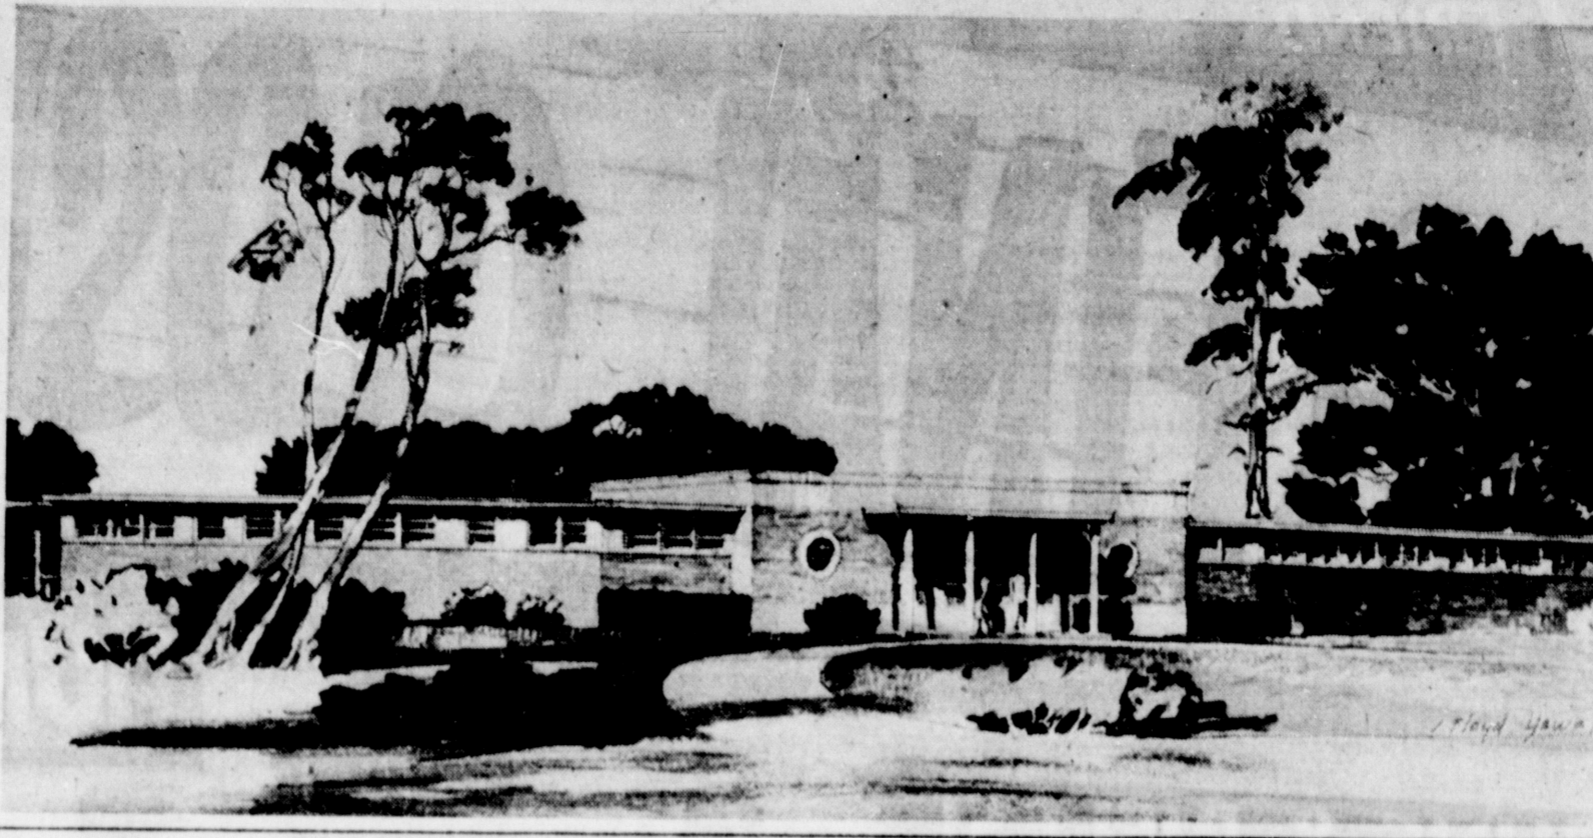

It was the second successful flight by county prisoners this month. On Oct. 3 William Osborne, 22, of Kingston, Tenn., and Robert A. McGrady, of Bel Air, Md., scaled a wall in the jail's recreation yard. They are still at large.

STUDY PROPOSALS
PITTSBURGH (AP) — The Glass Container Manufacturers Institute and the American Flint Glass Workers union considered counter proposals today in the 47-day - old strike of some 2,000 moldmakers across the nation.

"The counter proposals show continued progress in the negotiations," said Federal Mediator William Rose Wednesday after they were submitted. "I am optimistic that we are nearing an end in the strike."

TOASTING ALMONDS
To toast almonds (blanched) put a tablespoon of butter in a skillet and melt it; add about a cup of the nuts and brown lightly, stirring occasionally. Oil may be substituted for the butter.

Architect's Drawing Of New College Infirmary

Survivor Of Vaudeville, 63, Once Again A Smash Success

By HAL BOYLE

NEW YORK (AP) — "Some people don't like to get up in the morning," said Eddie Jackson, "So they go into show business."

"That's how it was with me. I couldn't get up early enough to look for any other kind of work," he said.

Dixieland music is back, bigger than ever, and "Struttin' Eddie," who has been singing it for 45 years, is cashing in on the boom.

Likes Rock 'N' Roll
"I don't know any other kind of music. I like the beat of rock 'n' roll, but I can't catch the lyrics," he said.

"If you put a gun to my head and asked me to name three words in any rock 'n' roll tune, I couldn't do it—not even to save my life."

The banjo-eyed veteran, slowed up a bit by a double hernia operation a few years ago, is still one of the most active survivors of the heyday of vaudeville. Eddie, now 63, started as a singing waiter in Brooklyn. He teamed in his salad past with Jimmy Durante and the late Lou Clayton, and played at the old Palace here, the mecca of vaudeville, no less than 29 times.

Recalls Prohibition
Jackson loves to recall the Prohibition Era of the flaming 1920s. "There was a lot of money around then, and it was being spent," he said. "Anything they couldn't get is what people wanted—so they all seemed to want to drink."

Gas Tax Refund Checks Out Soon
HARRISBURG (AP)—About 80 per cent of the 33,816 farmers who have filed for a gasoline tax refund will have received their checks by the end of October, the governor's office reported today.

State law permits farmers to get back the five-cents-a-gallon state tax on gasoline they buy for farm machinery.

Gov. Lawrence said checks totalling \$2,065,000 will have been mailed to 24,530 farmers by the close of business this week.

PACK IT TIGHT
For use in baking, brown sugar should be packed so firmly into the measuring cup that when the sugar is turned out it will keep its shape. This method assures an accurate measure of the sugar.

Hard Times
Eddie came from a poor family—his father was a pushcart peddler—and knew lean years of struggle himself.

"I believe in doing the other fellow good; I never hurt anybody in my life," he said. "I don't mind how big the other fellow's yacht is, or how green his yard is—just so there's a little green in my own yard."

30 Years Ago Today Was Black Tuesday On Market

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Like the survivors of the blizzard of 1888 the survivors of Black Tuesday on the stock market have long memories. It was 30 years ago today—Oct. 29, 1929—that the bottom dropped out of the stock market. Today's stock market has been booming. But most brokers stress all the measures taken since 1929 to keep the debacle from happening again. And they think the majority of Americans are more sensible now.

Stock prices had been riding high in 1929—ridiculously high, whether measured by earnings, assets or prospects.

Banks Tattered

The little fellow was in the market up to his neck—and often over it. He had taken his life savings to gamble. Often he had only a 10 per cent equity in his holdings. The rest was borrowed money.

So, many were wiped out overnight. Banks tottered. The depression—not prosperity—was just around the corner.

On Black Tuesday a record 16,410,030 shares were traded on the New York Stock Exchange in the frantic effort to unload. In a series of lesser falls prices kept on going down until mid-1932.

Government Acted
But in the wake of Black Tuesday came a long series of measures by the government and by private business and financial institutions to tidy up stock market practices and guard against a repetition of the disaster.

This year daily trading averaged 3,800,000 in the first three months, 3,200,000 in the second quarter, and 2,800,000 in the third.

This year you must have a 90 per cent cash down payment when you buy a share, not 10 per cent.

Still Can Get Hurt
The Securities and Exchange Commission (born in the 1930s) takes a close look at any new stock offered for sale. It and the stock exchanges police the activities of corporations whose stocks are listed.

Federal insurance agencies back bank deposits and guarantee home mortgages.

You can get badly hurt in the stock market today. That's for sure.

But there can't be another Black Tuesday unless an awful lot of us start acting plumb foolish.

CUBAN CABINET REVIVES DEATH TRIALS AGAIN

HAVANA (AP)—Fidel Castro's Cabinet early today ratified the revival of military tribunals which sent 555 of his enemies to execution before firing squads.

Fears of a new blood-bath grew with an estimated 200 persons already in jail awaiting investigation or trial as counterrevolutionaries, and unconfirmed reports circulating of more and more arrests daily.

Prime Minister Castro abolished the controversial military tribunals in July in favor of civilian courts. Though the latter had power to impose death for activities against the revolutionary regime, the heaviest sentences meted out were 30 years.

Capital In Darkness
A power failure plunged most of the capital into darkness and fresh anxiety after the six-hour Cabinet session ended just before 2 a.m. The blackout was traced to an equipment failure, the American-owned Cuban Electric Co. said, adding there was no immediate indication of sabotage. The power went on again over most of the city after about two hours.

Foreign Minister Raul Roa told newsmen that the government would deliver its reply later today to the stiff U.S. protest against the rising anti-American campaign in Cuba and Castro's charges that the U.S. government had connived at flights over Cuba by anti-Castro exiles in the United States.

CONTINUE REVIVAL
The Church of God, New Oxford, is in the fifth week of the Sunday revival, "Search for the Unchurched." This Sunday will be a special Men's Day observance. A gift will be given every visitor. Sunday School begins at 10 and morning worship at 11. Rev. Carl White, pastor, will be in charge. Everyone is welcome.

Miss Nancy Kime, a student in the 11th grade of the Fairfield Joint High School, was treated at the Warner Hospital last week for a fracture of the foot which she received while dancing at school.

Miss Kime is the daughter of Mr. and Mrs. Arvin Kime, Fairfield R. 2.

A card party sponsored by the Fairfield Lions Club will be held in the Fairfield High School cafeteria Wednesday evening.

Mrs. Roy Heffner, of Catonsville, Md., and Mrs. Kenneth Gearhart, of Mt. Wilson, Calif., were guests this week of Mr. and Mrs. Joe Harbaugh.

Meetings scheduled for groups of the United Church of Christ are: Sunday at 7 o'clock, the Youth Fellowship at the home of Judy Kane. The program leader will be Jane Deardorff. The Ladies Aid Society will meet Tuesday at 7:30 o'clock at the home of Mrs. Agnes Moritz. The program leader will be Mrs. Doyle Rebert.

"You and the United Nations" was the topic discussed at the meeting of the Mission Guild of Zion Lutheran Church Tuesday evening in the parish hall. The Altar and Dorcas Guild of Zion Lutheran Church met Wednesday evening and discussed "The Pastor's Vestments."

The Luther League of Zion Lutheran Church will hold a Halloween party at the home of Miss Evelyn Filsinger Saturday evening from 8 to 11 o'clock.

Miss Jean Donaldson entertained nine of her friends at a Halloween-birthday party at the home of her parents, Mr. and Mrs. James Donaldson Jr., Saturday evening.

STEEL STRIKE TALKS AT 2 P.M.

PITTSBURGH (AP)—The United Steelworkers and the country's top steel producers were ready to resume contract negotiations here today under renewed government pressure for a quick settlement of the 107-day-old nationwide steel strike.

Agreeing to return to the bargaining table (at 2 p.m. EST) were a four-man industry team headed by Conrad Cooper, a U. S. Steel Corp. executive vice president.

The industry team represents 11 of the country's top producers, who usually set the contract pattern for smaller firms. The top industry and union negotiators last met here on Sunday.

Shortly after the announcement of a resumption in talks, Wednesday chief federal mediator Joseph F. Finnegan said both sides will switch the bargaining to Washington next Monday unless the Pittsburgh talks prove fruitful.

Meanwhile, a number of struck companies continued separate negotiations with union representatives here and elsewhere in the country Wednesday. A number of these talks were slated to continue today.

First Lady Feted By Women's Press Club

WASHINGTON (AP) — For Mamie Eisenhower, who will be 63 Nov. 14, and the Women's National Press Club, 40 this month, it's "happy birthday" to each other today.

The club has the First Lady as its honor guest at an anniversary luncheon here, with Marine Band music, toasts and a cake shaped

H. W. PRENTIS, OF LANCASTER, PASSES AWAY

LANCASTER, Pa. (AP)—Hennig W. Prentis Jr., 75, chairman of the board of the Armstrong Cork Co. and former president of the National Association of Manufacturers, died today at a hospital.

Cerebral thrombosis was the cause of death.

Prentis had been chairman of the board since 1950. He was president of the company from 1934 until 1950. He joined the firm in 1907.

Organization Member
His many activities also had included national vice president of Americans for Constitutional Action, a conservative political organization.

Prentis had been admitted to Lancaster General Hospital Wednesday after being stricken ill following horseback riding at his farm near Millersville in Lancaster County.

Less than a year ago Prentis was stricken with a cerebral thrombosis while in Pittsburgh to attend a board meeting of the Mellon National Bank of which he was a director. He spent nearly a month in a Pittsburgh hospital.

Educational Background
Prentis was born in St. Louis on July 11, 1884. He attended public schools in St. Louis and graduated from the University of Missouri in 1903 with a bachelor of arts degree in liberal arts. Later he earned a masters degree in economics from the University of Cincinnati.

Prentis started out with Armstrong as a clerical assistant. He was appointed head of the advertising and publicity departments, positions he held until 1920 when he was appointed general sales manager of the floor division.

In 1926 Prentis was elected a vice president of the firm and a member of the board of directors. He was named first vice president in 1929 and president in 1934.

Boosts Assets
During the 16 years Prentis served as president, Armstrong's assets increased from 47 million dollars to more than 112 million dollars. He was a staunch advocate of mass advertising, a school for sales personnel and diversification of product.

Surviving are his widow, the former Bernice Cole of Columbus, Ohio, and a brother in Baltimore. Funeral arrangements are incomplete.

BANKS SIGNS FOR \$60,000

CHICAGO (AP) — The Chicago Cubs today announced signing of their star shortstop, Ernie Banks, for 1960 and it was guessed his salary was upped \$10,000 to a near club record \$60,000.

"Both Ernie and the club are well satisfied with his new contract," said Cub vice president John Holland.

Banks reportedly received a \$45,000 base salary with a \$5,000 bonus this year when he hit 45 home runs, drove across 143 runs and set two new major league

fielding records.

The club salary record is the \$65,000 contract Ralph Kiner carried to the Cubs from the Pittsburgh Pirates in 1953.

Holland said Banks signed next year's contract shortly after the finish of the 1959 season.

BROOMALL, Pa. (AP) — "Dear Mom: "I am doing this because I love you and Daddy. I know how much all these things are going to cost and I know we don't have that much money that would pay for Daddy."

"So I'm going to get a job and give you every penny until Daddy is completely well."

"Please don't be mad. I prayed to God and thought it over real good and it seems the right thing to do. I'm not with any boys. I only used them as an excuse to get out and get a job somewhere."

"Please don't worry about me. I'll be all right. Judy is coming with me. I went to confession this afternoon and I'm going to communion tomorrow for Daddy. He'll be all right and well. I'll see to that."

Disappeared October 10
Ann Shields, 15, a pretty brown-haired high school freshman

scratched out the note and left it on a living room couch the night of Oct. 10. She hasn't been heard from since.

Her mother, Mary, between visits to the Bryn Mawr Hospital to visit the ailing father, James, keeps a vigil at the telephone, hoping and praying Ann will call.

Mrs. Shields said that the Judy referred to in the note was Judy Treacy, also 15, a neighbor who vanished with Ann.

"Judy called her mother yesterday," Mrs. Shields added, "and said that she and Ann were living with friends and that Ann was working in New York."

Mrs. Shields explained that her husband, a school custodian, was operated on Oct. 7. She said that part of a lung was removed.

"He had been asking for Ann," Mrs. Shields related. "He'd wished that there was some way we could get a message to Ann to tell her to come home. That we'd forgiven her."

Gen. Bedell Smith Is Critically Ill

WASHINGTON (AP) — Gen. Walter Bedell Smith is in critical condition in Walter Reed Army Hospital.

Smith was President Eisenhower's chief of staff in World War II. He later served as director of the Central Intelligence Agency, undersecretary of state and ambassador to the Soviet Union.

Smith, 64, is suffering from pneumonia and a lung abscess.

CHURCH LOOKS TO MEETING SPACE BEINGS

By GEORGE W. CORNELL
Associated Press Religion Writer
SYRACUSE, N. Y. (AP) — Universalists were concerned today not only about creatures on this earth—but in the spheres beyond.

Shaping up for the space age, the Church officially urged that any other worldly beings be treated decently—wherever and whenever they are encountered.

Laughter greeted the presentation of this resolution Wednesday night to approximately 600 church representatives. But they moved soberly ahead to make it Universalist policy and endorsed the "principle of international authority over the exploration of outer space."

The church also advocated United Nations membership for "all nations that will give assent to its charter provisions," including—as inferred in debate—Red China.

Only one other denomination, the United Presbyterian, has urged study looking toward seating Red China.

The resolution said that radioactive fallout imperilled present and future generations and that such tests were "part of an arms race, threatening extinction of human life upon earth."

Merger Possible
The actions came on the eve of a joint Universalist-Unitarian assembly today to hammer out terms of a proposed merger.

The merger plans had firm backing from the executives of both creedless denominations—the Rev. Dr. Dana McLean Greeley, president of the American Unitarian Assn.; and the Rev. Dr. Philip R. Giles, general superintendent of the Universalist Church.

TIP TO CARRIER PAYS
WAYNESBURG, Pa. (AP) — Waynesburg College president's nickel tip to his newsboy each week was returned with dividends Wednesday.

The newsboy, Rickey Stafford, 13, gave a \$5 donation to President Paul R. Stewart for the school's new science building.

Said the newsboy: "Five dollars isn't much toward the \$800,000 needed but at least it will buy a few bricks and someday I hope to be studying science there myself."

The club salary record is the \$65,000 contract Ralph Kiner carried to the Cubs from the Pittsburgh Pirates in 1953.

Holland said Banks signed next year's contract shortly after the finish of the 1959 season.

Say Charles Van Doren, Bloomgarden Got TV Tips

NEW YORK (AP)—Charles Van Doren and Hank Bloomgarden reportedly have admitted to the district attorney that they received both questions and answers prior to their appearances on the NBC TV quiz show Twenty-One.

The New York Times today attributed its information to "an authoritative source in the Criminal Courts Building."

PRESIDENT OF GUINEA IN U. S.

DURHAM, N.C. (AP)—President Sekou Toure of Guinea was honored Wednesday night on the University of North Carolina campus at a dinner attended by both Ne-

groes and whites.

Gov. and Mrs. Luther Hodges were hosts at the dinner at Chapel Hill's Morehead Planetarium. They greeted Toure, 37-year-old chief of the year-old nation, his wife and party of 21 on their arrival earlier at Raleigh-Durham Airport.

This will be Toure's only Southern stop of his 16-day trip through

the United States.

Tells Of Stand
On the subject of his allegiance in the cold war, Toure told reporters, "Many people think there is only East or West. In school I was taught there were four directions—east, west, north and south, the aspirations of my people are to liberty."

Asked if he received any com-

mitments of U.S. aid, Toure replied, "We have not come to ask for aid. We have come to establish contacts upon which future relations between our two countries will rest."

LITTLESTOWN CD DIRECTOR IS SELECTED

The Littlestown Borough Council at its October session Tuesday evening recommended the appointment of Paul E. Hiltbrich Jr., as the borough's Civil Defense director to succeed Gerald W. Daley, who resigned recently.

The recommendation of a successor had been requested last month by William G. Weaver, Adams County C-D director. Hiltbrich's selection was unanimous.

President Donald L. Beford presided at the three-and-a-half-hour session with all members of council in attendance. Also present were Burgess Elmer E. Miller, Chief of Police Calvin W. Mummert, Street Commissioner Joseph H. Redding, Treasurer John H. Flickinger and Borough Secretary Roger J. Keefer.

Ask Meter Change
Council heard from a representative of the Miller Parking Meter Company an offer to trade in present parking meters for "new and improved" Miller meters but, because council is having "no major problems" with the present meters and had recently turned down a similar proposal from the Park-O-Meter Company, the offer was tabled indefinitely.

After a report from the street committee, council voted that a list of alleys be included in a county aid application for funds. The list includes the first alley south of Charles St. between M and S. Queen Sts. and all the alleys south of E. King St. between E. King and Lumber Sts. All are being prepared for a light surface treatment of chips and asphalt. It was felt that these alleys need attention to protect them from the need for greater expenditures later. The 10 per cent increase in county aid also was taken into account.

Push Weed Cutting
The street commissioner was directed to complete weed cutting after notice to property owners with the bills to go to the owners.

There was a communication from Solicitor Eugene V. Bulleit in connection with an earlier proposal to widen Monarch St. by asking property owners to make grants to the borough for that purpose. The Newell Coxon estate had reported by letter that it did not feel it could agree to such a move. The matter was tabled with council observing that, if owners there want improvements, there will have to be land given for street purposes.

There was a discussion of traffic conditions on W. King St. and Newark St., and then council adopted safety committee recommendations that there be no parking on the south side of W. King St. from the Biehl-Fink alley to opposite Rita Marie Ave and that Newark St. from N. Queen to Prince St. be designated as a one-way street with traffic flowing from N. Queen east and that no parking be permitted on either side of Prince St. from Newark to Windsor St. Council approved the plan unanimously.

Issue Water Permits
Water permits were issued to the following: James R. Erb, 314 Prince St.; Clarence C. Sheely, 32 Newark St.; Allen L. Shanbrook, 106 Newark St.; Franklin J. and Beverly Kress, 528 Prince St.; Donald J. Staub, 317 Prince St.; Francis M. and Mary J. Prato, 319 Prince St.; Leroy and Kathryn Myers, 108 Newark St.; and Raymond L. Benner, Hanover. Informed by the borough secretary.

LOW BIDDER FOR SHORTWAY

HARRISBURG (AP) — A Williamsport firm, the Locomotive Construction Co., has submitted an unofficial low bid of \$1,975,771 for the second section of the Keystone Shortway.

The firm submitted the lowest estimate of 16 bidders to construction of a 5.42-mile section from north of Corsica to west of Brookville in Jefferson County, the State Highways Department said Wednesday.

It will join a 3-mile portion to the east on which construction is now under way. Contracts for the first section were awarded in January.

The 291-mile shortway will extend from Sharon to Stroudsburg and, as part of the federal interstate road system, will be financed 90 per cent of the federal government.

That the town's supply of eight-inch pipe is depleted, council ordered purchase of 1,000 feet of new pipe.

Council voted to ask Metropolitan Edison Company for a survey of Lumber St. with the purpose of improving the street lighting arrangement there. There had been a request for an extra light on that street between the Foundry Alley and the alley to the east.

The building committee reported on repair problems at the Alpha building and state requirements on some items are to be determined.

Police Chief Report

Chief of Police Mummert reported 48 overtime parking violations in the last month and two cases of parking in a no-parking zone. He also reported 24 motor code violations with reckless driving leading the list with four cases. The chief reported he conducted one criminal and eight accident investigations, assisted six outside agencies and made five government investigations. He provided 11 funeral escorts, served six warrants and provided three payroll escorts.

Meter collections last month totaled \$577.93, the chief reported.

19 Building Permits

Nineteen building permits were granted including one for a new dwelling and another for a 70x80-foot one-story addition to the Carroll Shoe Company plant. The new dwelling will be erected by William S. and Mary A. Duttera at 46 Pennsylvania Ave. It will be one-story, frame with aluminum siding.

The other building permits went to James C. Myers, 49 Crouse Park, replace garage roof; Leroy G. Mayers, 108 Newark St., paint and repairs; Charles Myers, Foundry Ave., remove tree; Calvin J. Bartholomew, R. 2, siding on Queen St. house.

Lloyd L. Stavely, 39 Crouse Park, repair sidewalk; Charles E. Lemmon, 325 S. Queen St., repair sidewalk; Roscoe Rittase, 523 Prince St., paint dwelling; Roscoe Bowers, 36 S. Queen St., paint a dwelling; Stanley R. Weikert, 27 Park Ave., relay sidewalk; Thomas B. Redding, McSherrytown, to use crane to remove piano from second floor; Raymond C. Scott, 10 Lumber St., replace front porch; George F. Plunkert, R. 2, paint and repair; Charles A. Hofe, contractor, front porch repairs to dwelling; Charles Hofe, to repair sidewalk; Roscoe Rottase, paint dwelling and stores for Dr. Howard Stonessifer and for George Kress.

Council approved bills for payment from the borough fund of \$2,805; from the water fund of \$1,948 and from the sanitary sewer fund of \$964. Fund balances as of October 1 as reported by the treasurer follow: General, \$49,075; water, \$28,587; sewer, \$24,456; parking meter, \$13,002, and highway aid, \$3,987.

To Buy New Flags
The treasurer also reported receipts for the month totaling \$656. The largest items on the list included \$462 from the state, \$73 from the burgess in fines and \$35 from Justice of the Peace E. S. Long.

Council voted to accept a \$175 offer for the 1919 model La France fire engine from the A. W. Feeser Company. An adjustment was given the Littlestown Easo service station on its water bill for the third quarter because of a line leak.

The secretary was authorized to buy two dozen new American flags of the 50-star variety. Thomas J. Rademaker was ordered to make grate repairs over a gutter in the sidewalk area on Lumber St. Council voted to buy a pickup truck of Gene R. Renner that the disposal plant operator has been using. The price is \$300.

The tax collector turned in \$2,338 on real estate and \$258 on occupation levies for 1959 and \$22.49 from 1958 taxes.

The meeting adjourned at 11:33 o'clock. Council will meet next on November 24.

Important new facts about...

MRS. FILBERT'S MARGARINE AND FAMILY HEALTH

Today some claim that saturated animal fats build up cholesterol in the blood, while unsaturated vegetable oils may help reduce cholesterol. Since evidence is still inconclusive, your doctor is the one to advise you on this.

But you should know that Mrs. Filbert's Margarine is made from only the finest vegetable oils, which contain no cholesterol and are 80% unsaturated. Mrs. Filbert's is enriched with vitamins A and D, is highly digestible, low in salt.

Result: a nutritious, healthful source of quick food energy... a product you can enjoy with confidence. Compare Mrs. Filbert's to any spread, at any price.

Special prizes went to Francis Dayhoff and Rebecca Spangler. Group games were enjoyed and refreshments were served. Mrs. George Shultz Jr. was chairman of the committee in charge of party arrangements.

Church Women Meet

The October meeting of the Abigail Kammerer Circle United Lutheran Church Women of St. Paul's Lutheran Church on Tuesday evening at the church, opened with a hymn by the group and the leader, Mrs. John H. Riley, read the Scripture and offered prayer. Mrs. Clinton O. Sentz, president, presided and heard the reports of Mrs. Milton Harner, secretary, and Mrs. L. Robert Snyder, treasurer.

It was announced that the annual convention of the ULCW of the West Penn Conference is being held today at Trindle Springs Lutheran Church, near Mechanicsburg. It was announced that the drive for used white shirts for a leprosy colony, conducted in the congregation by the society, has concluded and the shirts will now be sent to the World Service Center at the New Windsor, for shipment. An invitation was accepted from the Frances Segner Missionary Society of the church to attend the meeting of that group on Thursday, November 5, at the church. A thank offering service will be held in connection with the next meeting on Tuesday, November 24, 7:30 p.m., at the church, when the hostesses will be Mrs. Charles E. Ritter and Mrs. C. O. Sentz.

Mrs. Riley led the discussion of the topic on the United Nations. A report on the book "Middle East Pilgrimage" was given by Mrs. Leo Kuhn. The meeting closed with the missionary benediction and the Lord's Prayer in unison. The guess package, given by Mrs. Carroll E. Arter was won by Mrs. Carl H. Baumgardner. Refreshments were served to the group by Mrs. Charles E. Rabenstein.

Party For Scouts
A Halloween party was featured at the biweekly meeting of Intermediate Girl Scout Troop 45 on Wednesday after school at the engine house. Costume prizes were awarded to Barbara Muller, the funniest; Linda Keefe and Sally Bankert, prettiest; Judy Koonitz and Jane Basehoar, most original; Judy Knight, most original. The judges were Mrs. Earle L. Black and Mrs. Joseph R. Rider, Group games were played in charge of the committee, which included Linda Smith, Peggy Altoff, Peggy Myers and Linda Keefe. Refreshments in keeping with the season were served by Mrs. John Kump and Mrs. John H. Flickinger, leaders, and Mrs. John R. Rudisill troop committee member. The troop members were divided into committee and asked to secure information on the interior decorator badge for presentation at the next meeting on Wednesday, November 11, at 3:30 p.m.

HUGE BALLOON, SATELLITE CAUSE ALARM

PHILADELPHIA (AP)—Thousands of people in eastern Pennsylvania saw the huge balloon which hovered in space Wednesday night. They didn't know what it was and some likened it to the star of Bethlehem.

Newspapers, radio and television stations, the Weather Bureau and airports were swamped with calls about the strange phenomenon in the sky.

Agency Test
Then it was announced that the U.S. Space Agency had fired a sphere 100 feet in diameter to a height of 250 miles above the Atlantic. The sphere then inflated a balloon as high as a 10-story building. The balloon was seen from Virginia to New York for 10 minutes before it glided into the Atlantic, leaving a vapor trail behind.

The launching, from Wallops Island, Va., was a test of inflatable satellites.

In Pennsylvania People said the balloon looked like a three colored star with flashing colored lights against a brilliant white background.

NEW YORK (AP)—Guy Lombardo says he'll take his orchestra on a tour of the country this fall and winter. Except for a time in the early 1930s, the Lombardo band has been a fixture at the Hotel Roosevelt Grill here for the past 30 years. Lombardo, 57, said Monday he wants to get closer to the nation's dancing public but will return to the Roosevelt.

CUSTARD INFORMATION
When custards that are to be baked are made with homogenized milk, they need some extra time in the oven. Always bake custards in a hot-water bath.

Use a deep narrow bowl when you are making mayonnaise so the mixture will get the benefit of the rotary-beater action.

It was announced that the executive committee of the chapter will meet on Tuesday, November 3, at 9 p.m. at the home of Mrs. Renner, Carroll St. At the conclusion of business, refreshments were served by Mrs. Hand.

A covered dish supper will be held in connection with the next meeting of the chapter on Tuesday, November 10, 7 p.m. at the home of Mrs. Richard D. Thomas, W. King St. Mrs. Hand will present the cultural program on "Environment — Work, Health and Play." Prospective pledges are invited to attend the meeting.

OPPOSITION TO AMENDMENT IS SEEN GROWING

HARRISBURG (AP)—Sentiment against a proposed constitutional amendment for annual legislative sessions appears to be on the rise among members of both political parties.

Although both the Democratic and Republican state organizations have formally endorsed the proposal which will appear on the Nov. 3 election ballot, some lawmakers in campaign speeches have spoken against it.

Why? Opponents, including the Pennsylvania Chamber of Commerce, say the amendment is defective since it fails to set a time limit for the annual sessions of the Legislature. Others claim being a senator or a representative would become a full-time job and the present pay scale simply isn't high enough—\$3,000 salary, plus \$3,000 expenses for the current biennial session.

GOP Divided

"Our platform approved annual sessions," says George I. Bloom, Republican state chairman. "But we have found, in the way the amendments are drawn, there is some division between Republicans as to merit."

Bloom said some party members point out that the amendment does not limit appropriations in the next fiscal year.

The argument for annual sessions instead of the present every two-year system is that the budget is often thrown out of balance by changing economic conditions. Gov. Lawrence this year inherited a 100-plus million dollar deficit.

School Debt Measure

Although the amendment provides that fiscal matters would be considered only in even-numbered years, the Legislature would be available to provide additional revenue should the state run into another deficit.

A second constitutional amendment on the ballot deals with school borrowing and is designed to soften the impact of higher interest rates.

Hundreds of school districts, reaching present borrowing ceilings, have been forced to resort to the authority method of financing. Authority bonds carry higher interest rates than those sold directly by school districts.

Third Measure

Authorities have been set up to get around the present constitutional limit. Their bond issues need not be put to the voters.

The amendment calls for boosting the borrowing capacity from 7 per cent of the assessed value of real estate in a school district to 15 per cent. In addition, it would hike from 2 per cent to 5 per cent the amount that can be borrowed without putting the question to the voters.

The third amendment would allow a voter to cast a ballot in his old district if he moves elsewhere within 60 days of an election.

BETHLEHEM TO GIVE REPORT

NEW YORK (AP)—Bethlehem Steel Corp. today will just about wind up the parade of big steel firms reporting on how badly they have been hit by the steel strike.

The nation's second largest steel company will issue its third quarter earnings statement shortly after close of the New York Stock Exchange at 3:30 p.m.

For all but two of the weeks covered by the report, the gates were closed on Bethlehem's plants and pickets stood guard outside those gates.

As with other major companies completely shut down by the

Group Of Small Firms Win Big Job

ALBUQUERQUE N.M. (AP)—A federal official says a group of small firms incorporated under the Small Business Administration has won the first federal contract of a type which a large firm usually gets.

The Albuquerque companies are Applied Research Associates Inc., Bandler Films Inc., Machine Engineering Corp. and Ward Anderson Printing Co. They have a \$1,250,000 Air Force contract to write and print secret Air Force manuals on operation of aircraft and special weapons systems.

HEATED FIGHTS IN PITTSBURGH FORD.A., MAYOR

PITTSBURGH (AP)—Heated battles for district attorney and mayor of Pittsburgh are taking the limelight as the Nov. 3rd general elections in Allegheny County draw nearer.

Joseph M. Barr, 52, a veteran political strategist and campaigner, and a political protégé of Gov. Lawrence, is the Democratic mayoralty candidate.

His opponent, Republican Paul B. Reinhold, 68, an engineer by education and head of his own business firm, is a relative newcomer to the political scene.

Lower Tax Promise

Reinhold has based his campaign on change and lower taxes. He says he will clean house in city hall. He claims the Democratic city administration has been working a "confidence game on the taxpayers by raising property assessments."

Barr's answer is that a cut in taxes is ideal — if it can be done. He says "the most notable example of irresponsibility is the Republican promise to reduce taxes, a promise they have dangled before the public like a carrot on a string before a rabbit."

The pair is competing for the remaining two years of Gov. Lawrence's term. Lawrence vacated to take over as governor last year. Since then, Thomas Gallagher, a Democrat, has been mayor.

Seeks Second Term

In the district attorney race, Democrat Edward C. Boyle, 54, is after his second four year term. He is being opposed by GOP candidate John V. Snee, 51, a practicing lawyer since 1934.

Snee calls Boyle the "worst doing DA in the history of the county." He claims arrests and convictions have hit a new low during Boyle's term of office.

Boyle's answer is that the "measure of worth of a district attorney is not the number of arrests or convictions, but what has been done to maintain the safeguards to the rights of the innocent."

BRADFORD, Pa. (AP)—Fourteen coal cars and the caboose of a Baltimore & Ohio freight train ran off the tracks and piled up near the small McKean County community of Backus Wednesday night. It was the second B & O derailment near Bradford in the last eight days.

strike, Bethlehem is expected to report a loss for the third quarter.

Until the strike, Bethlehem was of this year it earned \$73,591,528, doing very well. For the first half That set an all-time record for any six months.

The following are net third-quarter losses reported by other companies so far, compared with 1958 net income for the corresponding quarter: U.S. Steel, \$31,135,136 compared with \$74,922,924; Republic Steel, \$24,661,406 compared with \$15,184,641; Youngstown Sheet, \$7,149,660 compared with \$3,641,906.

By EDWARD COLLIER
LINCOLN — Magic Circle City
of the Week — Nebraska's Capital
Is Pride of Cornhusker State.

Lincoln is a showcase for Mid-America's achievements in agriculture, education and politics. The resultant good living rewards are big-time sports events and exciting fairs, music and the fine arts, absorbing museums and an abundance of floral beauty.

Here in Nebraska's capital city — where the western prairies meet the rolling green hills to the east — begins a Magic Circle around an area rich in pioneer history and almost unlimited recreational attractions.

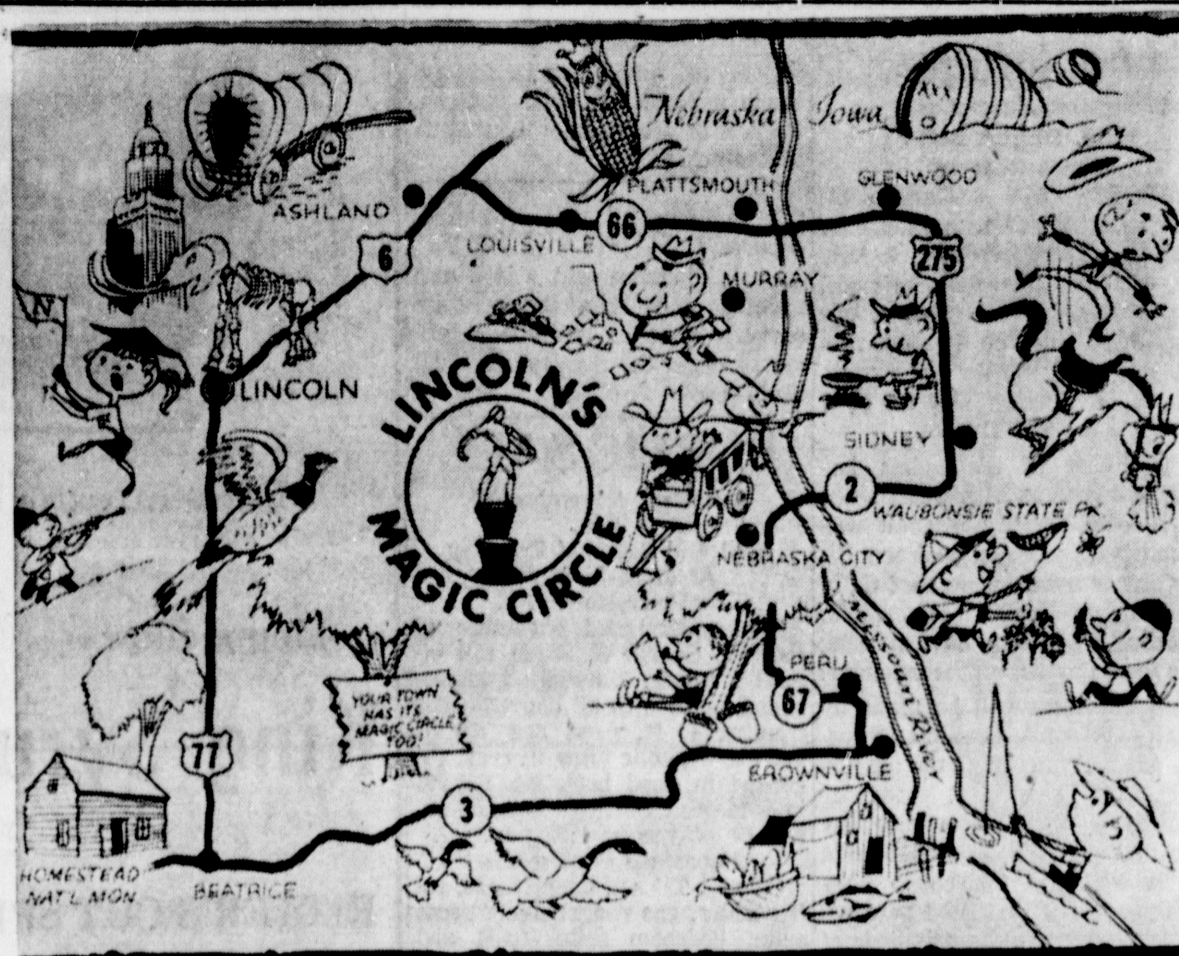

The capitol itself is startling. Of daring architectural design when it was built 27 years ago, this 400-foot tower still dominates Lincoln's skyline. Constructed with oblong blocks of tan stone, blue mosaic trim and structural glass, it has captured a modern yet ageless dignity. The gold dome is crowned by a 32-foot statue of "The Sower," typifying farming and a love of the land.

Inside, the effect is equally unexpected and pleasing. Instead of narrow halls and cubicles, the offices of state are in impressive rooms, two or three stories high, with a tasteful decor of fine woods, the effect of stained glass, recessed color panels and mosaic work using Grecian-type figures symbolizing man's struggles with the unyielding elements.

Fall Excitement
In fall and winter, the excitement is a few blocks away at the University of Nebraska campus, which has been integrated into the city as effortlessly as the capitol, the pleasing park system and the State Fairgrounds.

Heart of the campus is Mueller carillon tower, but the autumn focus is football at Memorial Stadium where the big red-helmeted Cornhuskers battle before an avid state-wide following, win or lose in the Big Eight. Basketball at the sprawling field house holds the city's winter sports spotlight.

This week Dodd, Mead and Company is publishing a 226-page book, illustrated with 36 cartoon maps, called "Travel the Magic

Nebraska's capital city of Lincoln is a showcase for mid-America's achievements. Highlights: The 400-foot tower-like state capitol and the University of Nebraska campus with its Elephant Hall. The Magic Circle east is through rich farm country to Plattsmouth, home of the King Korn Carnival; across the Missouri into Iowa to Keg Valley; Sidney and the annual state championship rodeo; Waubesa State Park, noted for its flowers; back into the Cornhusker State at Nebraska City, where Arbor Day started; Peru and Nebraska State Teachers College, the "campus of 1,000 oaks"; Brownville, pioneer river town; Beatrice and Homestead National Monument, site of the first claim for free land.

"Circle" by Edward A. Collier. It is a collection of the interesting, "written-on-the-spot" columns, many of which have appeared in the Gettysburg Times. Two chapters of the book feature Pennsylvania, one of which includes Gettysburg.)

There is a touch of old New England in the brick-paved streets around the campus and in the administration and other brick neoclassic buildings. Current visitor attention, however, is on the ultramodern new structures: Lyman Hall, University Health Center and Nebraska Union, where students have a campus "living room" that uses eight color themes, glass paneling, elevated patios and a 10-lane bowling alley.

Year around the most visited place is Morrill Hall, which houses the university's State Museum, Ralph Mueller Planetarium and Art Galleries. Particularly popular at the museum is Elephant Hall where bones of prehistoric mammals have been reassembled in all their fearsome size, including the largest elephant skeleton found in North America, replete with its long sabrelike tusks.

Colorful Exhibits
The planetarium's thrilling —

and air-conditioned — "Sky Shows" are open to the public (small fee) every day of the year. Here also are Space Age displays, along with one to delight the rock-bound — an extensive collection of Nebraska's meteorites.

Back-to-back with the campus is the handsome curved State Historical Society Library and Museum, where life on the Great Plains has been recorded and recreated through dioramas, restored rooms of pioneer homes, Indian artifacts and some 80,000 photographs, including a priceless group of old sod house pictures.

Spring visitors to Lincoln soon learn why it is called the "Lilac City"; every yard and parkway seems alive with the fragrance and beauty of the purple blossoms; they are especially effective along the Lilac Lane to Pioneers Park and its specialized zoo, which features everything from buffaloes to swans.

Another zoo at Antelope Park has curious monkeys, rare birds and reptiles — if you fancy them. Personally, we were more interested in the Sunken Gardens back of Antelope Park — a gem of tiny waterfalls, precision landscaping, flamboyant flowers and a

"growing" calendar on which the date changes each day.

Autumn Show
The Magic Circle leads north-east (U.S. 6) out of Lincoln and through rich farmlands populated by fat dairy cattle and tall corn. Just past Ashland, make a sharp right turn when you cross the Platte River, and follow a gravel road along the banks of this stream for an idyllic back country trip. The bluffs of the river are perfect for picnicking, camera hunting and fishing; they are especially photogenic when autumn dubs the shoreline with crimson and bright yellow.

Continuing east (Nebraska 66) is Plattsmouth, home of the King Korn Carnival. Here the countryside lets down its hair each year to celebrate the harvest. Everything is on the agenda from coronation of a Corn king and queen to stock judging, water fights between fire departments and pie eating and greased pole climbing contests.

Rockhounds will want to take a side trip through Murray to Rock Bluff, a now nearly deserted village. In the Queen Hill quarries may be found — and reputedly the only place in the world — perfect octahedron pyrites. Indian

mounds in the vicinity have yielded stone axes, beads and arrowheads.

Iowa Beauty

Across the Missouri in Iowa is Glenwood in the beautiful Keg Creek Valley, named for the half-barrels of whiskey which the first company of U.S. Dragoons found hidden on the creek bank. The route turns south (U.S. 275) through Sidney, home of Iowa's annual Championship Rodeo.

Botanists find Waubesa State Park (curving west on Iowa 2) a happy hunting ground with dozens of varieties of wild flowers, shrubs and trees. Old campsites have given up Indian pottery and arrowheads; prehistoric animal fossils are found in the bluffs.

The Magic Circle recrosses the Missouri and back into the Cornhusker State at Nebraska City, known internationally as the "home" of Arbor Day. Just northwest of town is Arbor Lodge, a handsome 32-room colonial mansion with stately Corinthian columns. It was given to the state by the heirs of J. Sterling Morton, the pioneer editor and legislator who founded Arbor Day. Exquisite early Victorian maple, walnut and mahogany furniture decorates many of the rooms. Outside in the park is an arboretum, old settler's cabin and intriguing fire engines and a stagecoach which are exhibited in the stables.

Nebraska City, perched on the bluffs of the Missouri, was one of the best-known stopping places on a fork of the Oregon Trail, and it boomed to early river traffic. The first high school in Nebraska was built here in 1864; perfect care has made the Otoe County courthouse, oldest public building in the state, a showplace.

Apple Country

This is a land of apple orchards where, in the fall, trees hang heavy with the big Red Delicious, locally called "Christmas apples." In spring this country along the Missouri turns into a white fairland of redolent blossoms. Picturesque Peru, also on the bluffs, is home of the Nebraska State Teachers' College, called the campus of a thousand oaks. Peru also claims Nebraska's "Pike's Peak," a high hill with an old Indian trail still winding to the top.

A few miles south is Brownville dozing on the banks of the river and built on seven hills. Once a bustling steamboat town, the village still has a Tom Sawyer flavor with its fish shacks at the foot of Main Street. Solid brick houses reflect the elegance and grandeur of bygone days.

Old-fashioned wells, complete with oaken buckets, are used even today. We bought stone-ground flour and cereals at a milling company building which originally was the Lone Tree Saloon, and later became the Opelt Opera House. Two of the lovely homes have been restored and are open to the public for a small fee. Coffee was still five cents at a small cafe on Main Street, where we ate a delicious home-cooked dinner complete with flaky fresh peach pie.

The Magic Circle trip back to Lincoln (Nebraska 3 & U.S. 77) is via Beatrice (they like for you to pronounce it "Be-AT-ree"), a prosperous tree-shaded city proud of its modern schools, churches and six parks. Four miles out of town is Homestead National Monument where the National Park Service commemorates the influence of the homestead movement on the opening of the West. On this site Daniel Freeman filed the first claim under the Homestead Act of 1862. A log cabin, like that of Freeman's first home on his

MAGIC CIRCLE IN BOOK FORM

The fun of seeing and exploring America by automobile is the keynote of "Travel the Magic Circle" which Dodd, Mead & Co. published this week.

This first-hand testimonial to the enjoyment of really discovering America was written by Edward A. Collier, who knows most of the nation from on-the-spot observation with his three sons. The author has a column "The Magic Circle Travel Clinic" that is carried by 170 daily newspapers.

Illustrated with 37 full-page cartoon maps, the book describes different Magic Circle trips from key points so that families may get the maximum pleasure and value from weekend, holiday, off-season and regular vacation travel. Around-the-calendar trips are featured for those who follow the sun winter or summer, to golden beaches or ski slopes, to spring

beauty or autumn foliage.

"All too often we pass up the wonderful things in our own regions that visitors drive hundreds, even thousands of miles to see," says Collier. "There is one sure formula for travel enjoyment—it is a compound of getting off the turnpikes once they have served your distance requirements, knowing the people by reading the newspaper of the town in which you are stopping and of trying each area's food specialties. "You will discover the true flavor of America hidden on the pleasant side routes—untouched scenery for your camera, spots where history was written, idyllic places to relax, dine or camp."

LOVINGSTON, Va. (AP) — Dr. Lewis Victor Heilbrunn, 67, in charge of graduate studies in general physiology at the University of Pennsylvania, was killed Saturday in the collision of his car and a tractor-trailer. Heilbrunn, who was born at Brooklyn, had taught at the universities of Chicago and Michigan before going to Pennsylvania in 1919.

Harry Gilmer's 8.7 yards for 167 plays during the 1945 football season for Alabama still is a Southeastern Conference record.

ASK DEFENSE OF NORTHERN INDIAN LAND

By WATSON SIMS
NEW DELHI, India (AP)—Public pressure mounted today for the Indian government to defend the northern border against Communist Chinese intrusions.

In the most vigorous outpouring of criticism since independence newspapers were virtually unanimous in demanding a statement on what is being done about the latest incident, in which 9 or 10 Indian policemen were killed in the Ladakh argu of Kashmir a week ago.

Prime Minister Nehru, his Cabinet and the military chiefs of staff have been reviewing the military situation for the past week. Many unofficial reports of likely action, have circulated, but none has been confirmed.

Review Expected
A wide review of the entire border situation was expected at a conference of the governors of India's 14 states.

Abbottstown

MRS. DELLA BUTT Times Reporter

ABBOTTSTOWN—News of St. Mary's Catholic Church, Paradise: Because all Saints' Day, a holy day of obligation for Catholics, falls on Sunday, November 1, this year there will be no separate holy day schedule for the parish. Masses on Sunday will be at 7 a.m., 9 a.m. and 11 a.m.

The Feast of All Saints has been observed as a holy day since the seventh century when it was established by Pope Boniface IV. The day is set aside so that Catholics might honor all saints, including those that have no specific feast day within the calendar.

Announcement will be made by the Rev. Joseph Braubitz, Paradise pastor, concerning the observance of All Saints' Day, November 2. Although it is not a holy day of obligation, it is a day set aside by the Catholic Church to pray for the souls of deceased persons. Each priest has the privilege of celebrating three Masses on All Saints' Day. Parishioners may list names of deceased persons for special remembrance.

The month of November is always set aside in the Catholic

Steelworkers' Union Goes Before U.S. Supreme Court In "Chips Are Down" Plea

By JAMES MARLOW

WASHINGTON (AP) — The Steelworkers' Union has lost the first two rounds in its effort to keep on striking. Now comes the third and final round when it asks the Supreme Court for a once-for-all answer.

That answer, if it comes, should be historic. The union so far has raised two main points and lost on both. Is the strike a danger to the country? Is the government's effort to stop the strike constitutional?

Union Loses

The union lost round one when, over its protests, a U.S. District Court judge, heeding the government's request, issued an injunction to stop the strike for 80 days. The strike began last July 15.

The union lost round two when it asked a U.S. Court of Appeals to throw out the district judge's injunction. Tuesday the appellate court upheld the judge, the injunction and the government.

The union now has until next Monday, but may be forced to move sooner, to ask the Supreme Court to say the lower courts were wrong. Meanwhile, the strike continues.

The lower courts gave the union full benefit of the legal machinery by refraining from putting the in-

junction into effect until the Steelworkers had made all the appeals allowed them under law.

Here is the background in brief: The strike threw 500,000 steelworkers out of jobs, shut down 83 per cent of the country's steel production. Its effects began to spread to other industries dependent on steel.

More Jobless

Now an additional 270,000 workers in those dependent industries are jobless. The effects are spreading. The longer the strike, the wider the spread and the worse the damage.

Under the Taft-Hartley Act of 1947, when a strike becomes a peril to the national "health and safety," the President, through the Justice Department, can ask for a court injunction to stop it for 80 days.

In that period the government is supposed to try to get both sides in a strike to reach a settlement. If there is still no settlement at the end of 80 days, the strike can begin again. There is no further machinery to stop it.

Order From Ike

So President Eisenhower, deciding national health and safety were in peril now, told the Justice Department to get the injunction.

Arthur J. Goldberg, lawyer for the union, made two main argu-

ments in federal court against an injunction:

1. National health and safety are not in peril. It isn't enough for the government to say it is. It must prove it. Then it's up to the court to decide whether the government has provided enough proof.

He said the strikers, because they have a right to strike, committed no wrong or crime in striking and therefore should not be stopped in doing it.

2. Goldberg argued that the section of Taft-Hartley which provides for an injunction was unconstitutional because it called for a judge to do something contrary to his job.

Split Role Cited

Goldberg protested a judge is supposed to judge but that issuing an injunction—to give the government time to try to settle a strike—makes a judge an administrative agent of the government rather than a judge.

The appellate court turned down Goldberg on all grounds. It reasoned in part this way:

"The action or non-action of employers and employees becomes wrongful when national health or safety is imperiled."

The court agreed with the government that the strike has become a danger to national health and safety and said "we conclude the danger is great enough and calls for a remedy as sweeping as the law will permit (meaning the injunction)."

Argument Ignored

The court brushed aside Goldberg's argument that issuing an injunction put a judge in an administrative rather than in a judicial role.

This was pretty much the ruling of another U.S. Court of Appeals which upheld a lower court's injunction against a steelworkers' strike in 1952-53.

Goldberg made the same argument then. But that previous case never was taken to the Supreme Court because by the time the appeals court gave its decision the strike was ending anyway.

MURPHY WILL LEAVE U.S. POST IN TWO MONTHS

WASHINGTON (AP) — Robert D. Murphy, undersecretary of state and troubleshooter in U.S. diplomacy, is about to retire after 39 years in the foreign service.

Murphy, who was 65 years old Wednesday, has decided to accept a post in private business, turning down the opportunity to become ambassador to West Germany.

Since 1953, the Wisconsin-born Murphy has been the highest ranking career officer in the State Department's top echelon.

The late John Foster Dulles relied heavily on his judgment and skill as a negotiator to help settle many a diplomatic crisis. Secretary of State Christian A. Herter has relied on Murphy just as heavily.

Murphy has played key roles in helping settle the fighting in Lebanon, the Trieste dispute, and many backstage diplomatic quarrels.

Influenced U.S. Policy

He also has been one of the most influential men in the State Department in deciding on policy with the Soviet Union. When Soviet diplomats visited the depart-

CANNOT SLASH DEFENSE FUNDS

WASHINGTON (AP)—President Eisenhower said Wednesday no significant reduction in defense expenditures can be made in the new budget.

Eisenhower told his news conference he had discussed arms spending with Soviet Premier Nikita Khrushchev at the Camp David conference.

He thinks there is no doubt, the President said, that Khrushchev has come to realize as we in the United States have, that if we have to put so much money into non-productive armament we are barred from raising the standard of living at home.

Eisenhower said he wanted to make it clear that he regards

ment to discuss detailed problems, Murphy was usually the man they called on.

Murphy's reasons for stepping down at this time are not known officially. He is known to have considered for a long time whether he should climax his career by accepting the post in West Germany. But he turned it down, notifying President Eisenhower at the White House Tuesday.

He is expected to stay on as undersecretary for about two months. The present ambassador to West Germany is David K. E. Bruce.

REDS SEND IRON TO U.S.

WASHINGTON (AP) — Sen. Vance Hartke (D-Ind.) said today 2,400 tons of pig iron made in Russia have been shipped into the United States during the steel strike.

"Frankly, I am shocked," Hartke commented. He said in a statement he has confirmed through the commerce department that the iron, shipped via Montreal, was laid down in Buffalo, N. Y., at a price below the domestic price.

"This means that the imports resulting from the tieup of steel production in this country are even more serious than I had suspected," Hartke said.

Cites Acquisition

Hartke said a firm in Buffalo, which he did not name, obtained 500 tons of the pig iron and that 1,900 additional tons have gone on to Detroit. He said a representative of Primary Industries Corp.

such armament expenditures as absolutely necessary now. But he noted that as far back as April 1953 he had told the American Society of Newspaper Editors of the need for reducing military armament in order to use part of the money to make a better world.

6 PROPERTIES TRANSFERRED

Deeds have been filed in the office of the register and recorder for property transfers as follows:

Samuel E. and Calvin H. Harman, executors of the will of the late H. T. Harman, Littlestown, to Alverta M. Feeser, Littlestown, two lots in Littlestown.

Alverta M. Feeser, Littlestown, to Karl and Elizabeth Spamer, Littlestown, a lot in Littlestown, \$100.

has taken delivery of the Detroit shipment for sale there.

Hartke said the Commerce Department reported that the pig iron was delivered at Buffalo for \$49.25 a ton, including \$1.12 duty. Domestic pig iron sells there at about \$66 a ton, he added.

Spurgeon S. and Beatrice A. Miller, Springfield Twp., to Evelyn Donley, borough of Columbia, 1 tract in Reading Twp., \$2,000.

Mary E. Gebhart, Mt. Pleasant Twp., to James L. and Joan G. Gebhart, Mt. Pleasant Twp., 1 lot in Mt. Pleasant Twp., \$400.

Woodcrest, Inc., Gettysburg, to Lawrence D. and Esther D. Cruze Gettysburg, a tract in Cumberland Twp., \$2,500.

Edward H. and Anna G. Kuhn Oxford Twp., to Albert L. and Sandra A. Eckenrode, Oxford Twp., a lot in Oxford Twp., \$75.

President Discusses Cuba, Trade, Steel Strike, Red Premier At News Conference

WASHINGTON (AP) — At his Wednesday news conference which was attended by 228 reporters, President Eisenhower discussed these additional topics:

STEEL—The Kaiser Steel Corp. strike settlement agreement with Steelworkers Union should be a signal for labor and management to find a basis for getting the industry in general back to full steel production, Eisenhower said.

The President noted that Kaiser turns out only about 2 per cent of normal total production of steel. In that light, he added, the Kaiser settlement did not have a very vital impact on the over-all strike picture.

Eisenhower declined direct comment on criticism from some quarters that he waited too long to set up a fact-finding board under the Taft-Hartley law.

Wanted Conciliatory Attitude — He said, however, that from the start of the strike he attempted to generate a conciliatory attitude on the part of both labor and management. His only concern, he went on, is the impact on the public.

CASTRO—Edward Follard of the Washington Post brought up the matter of Cuban Premier Fidel Castro's verbal attacks on the United States, and asked Eisenhower: "What do you suppose, sir, is eating on the guy?"

When the laughter subsided, Eisenhower replied he did not want to try to determine what has motivated Castro. He said he would stand on the statement issued Tuesday by the State Department. That expressed shock and amazement over the attacks by the Cuban leader.

Cites U.S. Services — Eisenhower went on to say, however, that he believes Cuba should want to maintain good relations with the United States. He

BERMUDIAN'S GRADS ENTER MANY SCHOOLS

A recent survey indicates that approximately 50 per cent of the students graduated from the Bermudian Springs Joint schools in 1959 are pursuing some type of advanced education, according to a report today from school district officials.

The following institutions have Bermudian students enrolled: Penn State University, Harold Griffie, Dorothy Lerew and Ernest Loper; Shippensburg STC, Charles Chronister; Anderson College, George Williams and William Coulson; Hartwick College, Robert Schlotzhauer; Elizabethtown College, Carl Myers; Johns Hopkins, Linda Roth; West Chester STC, Esther Harbold; Juniata College, Carl Hikes.

Others enrolled are: Hagerstown Medical Secretary School, Velma Brough; Thompson Business College, Carole Chronister; Humboldt Airline Institute, Yolanda Golden; beauty culture school, Janet Inskip, Janet Hinkle and Nancy Weigle; practical nursing school, Carlisle, Anna Mae Stambaugh Cook and Ramona Warmbrun; Wilma Wenschhoff will enroll at Millersville STC in January, 1960.

Announce Honor Rolls — The following students have acquired grades making them eligible for the first six-week honor roll. In order to be on the "A"

can use of the incentive system actually stifles enterprise.

Asked about his reaction, Eisenhower made it clear he did not argue much. The best thing to do in such cases, the President said, is to shrug it off with a smile.

EAVESDROPPING — Eisenhower was asked by Mae Craig, a reporter for Maine newspapers, whether he was "pretty sore" about reports that rooms occupied by Vice President Richard M. Nixon at the American Embassy in Moscow were "bugged"—that is set up for eavesdropping by the Soviet government.

President Chuckles — The President was asked whether he will tell Khrushchev he doesn't want that to happen to him when he visits the Soviet Union next spring.

With a chuckle, Eisenhower replied that when he was in Moscow in 1945 he was advised if he wanted to have any private conversation the best thing to do would be to go out in the yard.

Turning serious, the President said he will be discreet about it in connection with his trip to the Soviet Union.

DEFENSE—Eisenhower said he looks for no significant reduction in military spending in the fiscal year starting July 1. He made that statement when a reporter pointed out that the Soviet Union's new budget calls for military spending at about the same level as now.

RIGHTS—The President said he has yet to choose a successor to former Gov. John S. Battle of Virginia on the Civil Rights Commission.

honor roll a student must achieve an "A" in all major subjects and no less than a "B" in minor subjects. To be eligible for the "B" honor roll a student can have no lower than a "B" in any major subject and no lower than a "C" in minor subjects.

York Springs Unit — "A" Honor Roll—grade 8, Jerome Wolf, and grade 10, William Potet.

DENVER (AP) — Gregory (Pappy) Boyington, whose World War II air victories cheered a nation, honeymooned today at an undisclosed rendezvous with his third wife, television actress DeLores Tatum Shade.

They were married Tuesday at Warren Methodist church with the groom's son, Gregory Jr., as best man.

Young Boyington is a cadet at the Air Force Academy. Academy Chaplain F. W. Carlock read the simple single-ring ceremony.

Miss Virginia Topper, a student at Towson State Teachers College, spent the weekend with her parents, Mr. and Mrs. Daniel Topper.

Mr. and Mrs. Rodgers Topper, Mt. Airy, visited on Sunday with Mr. Topper's parents, Mr. and Mrs. Robert Topper.

Mrs. Marie Rosensteel, Miss Alice Kelly and Mrs. Robert Topper spent the weekend with Mr. and Mrs. Pius Kelly and family, Newry, Pa.

Mrs. John R. Kerr and daughter, Joann, of Hagerstown, visited friends in town on Sunday.

Miss Jane Bollinger, daughter of Mr. and Mrs. Thomas Bollinger, Emmitsburg, and a senior at Frostburg State Teachers College was elected queen to reign at the annual homecoming celebration on Saturday. Miss Bollinger is a member of Phi Omicron Delta Sorority, president of Simpson Hall House Council and Women's Recreation Association.

Robert Seidel, chairman of the United Appeal Fund for Emmitsburg, has appealed for more volunteer solicitors in an effort to complete the drive this month. The following have volunteered: VFW Auxiliary, American Legion Auxiliary, Dr. J. W. Houser, Mrs. Andrew Eyster, Mrs. Joseph Donnelly, Mrs. Delbert Piper, Mrs. Charles F. Stouter, Mrs. George Martins, John D. White, Mrs. George J. Martin and Miss Yvonne Clements.

Emmitsburg's sewer plant has been placed in operation it was announced this week by the burgess and commissioners. The Town Council notified property owners to tap into the new line. The old sewer line was merged with the new pipe line this week. Built at a cost of \$300,000 the system will accommodate three times the present number of home owners in town.

OCEANSIDE, Calif. (AP) — A coed about four times as old as most of her opponents has been elected homecoming queen of Oceanside-Carlsbad College. Irene Day Horvath, 72, won by a landslide over nine teen-agers Tuesday, receiving 270 to 300 votes.

NEW YORK (AP) — The 70-story tower at 40 Wall St., the world's fourth tallest office building, has been sold at auction for \$18,150,000. It was acquired Tuesday by

DEFECTIVE SPEECH CAN BE REMEDIED

By DOROTHY WHIPPLE, M.D.
AP Newsfeatures

WHAT IS a speech defect? And when is it serious?

No baby speaks clearly and we certainly do not consider the early mispronunciations a defect. But by the age of 5 a child should:

Speak distinctly.

Make his meaning clear.

Speak with a voice that is pleasant to hear.

If your child falls short of this standard he may have a speech defect that needs attention.

But the things that might be wrong are many. Some are simple and of no great significance, some are most serious. But even the simple ones are better off treated. It's hard on anyone to go through life not quite able to get his meaning clearly across to others. Even if the defect is not that serious an unpleasant peculiarity in speech can be a handicap. Treatment of speech defects is more successful in childhood. Grown people have to work harder to overcome their speech peculiarities.

Basic Causes — Only about 20 per cent of all speech defects are due to faulty structure in the child. Such conditions as cleft palate and cerebral palsy and loss of hearing do interfere with normal speech, but the vast number of speech defects grow out of the things that happen

in the life of the child, things that influence his personality and the way he looks and thinks about the world in which he lives.

The most common defect among young children is faulty articulation, the child does not use his tongue, lips and jaw to the best advantage.

No child is born with the ability to start right off talking correctly. All children mispronounce many words, but as they get older and hear correct speech they gradually improve their own diction.

It is normal for a 2-year-old to "frow" a ball but a 5-year-old should "throw" it. Two-year-olds have "muvvers," but 5-year-olds should have "mothers."

Confusion Caused — "R" is a troublesome sound. Little folks often eat "wolls" instead of "rolls" and when they ask for "lam" instead of "ham" it causes confusion.

"When 's' is the cause of trouble we call it lisping. Most all little children love a "twing" instead of a swing. Sometimes "s" is whistled through the lips and the child sounds like a radiator expelling steam or the "s" is formed between the upper and lower teeth and we get "loth" instead of "loss."

All children do these things. Why do some outgrow them and some hang on to their baby speech?

Sources of Difficulty — Maybe the child's speech is poor because he has not had a good example to follow, either because your own speech leaves something to be desired or because you don't talk to him enough. Maybe you have repeated to him his own cute little baby sayings until he gets the idea that's the way it should be. Or

Spelling Names Of Pets Only Problem

EAST CAMDEN, N. J. (AP)—The care and feeding of two small zebra fish is simple. But problems can develop when the number grows to between 500 and 1,000.

Jeffrey McLaughlin, 14, won the two small fish on a bet, and began his hobby as an amateur fish bowl.

Now he has eight aquariums, with five additional tanks in reserve in the basement.

He has added representatives of 20 varieties of fish and so far has run into only one real problem.

He can pick out and identify each breed — but he has trouble spelling the names.

maybe you pay too much attention to his speech and are forever nagging him to speak clearly. Finally he becomes balky and just won't try any more. You never do a child a service to harp on his defects. It's better to just ignore his mistakes but always say the words correctly yourself. After a while he picks up the right way.

Seek Help — But if at 5 your child hasn't outgrown his baby talk you will probably need some help in correcting his speech. It would be wise to get in touch with a good speech therapist who can analyze your youngster's difficulty and help him overcome them. Ask your doctor to recommend a speech therapist. If you have trouble locating one, write to the American Speech and Hearing Assn., Wayne University, Detroit, Mich. They will send you a list of qualified therapists in your area.

DOLLAR VALUE—PLUS

In an emergency the value of medicine can hardly be reckoned in dollars. Medicine is priceless when needed.

Yet it is an interesting fact that nationally the average cost of a pharmaceutical prescription is about \$2.50 — and more than half of all prescriptions cost less than \$2.00. Although higher than 20 years ago, the increase in the cost of medicine lags far behind that of other, and less essential, commodities.

When you purchase a prescription you are sharing in the fruits of scientific research. You are getting today's best buy.

Pavement Plato Scatters Maxims To The Four Winds

By HAL BOYLE
NEW YORK (AP) — Sidewalk scrawls by a Pavement Plato: Man, who cannot justify himself, must accept the weather. As most mortals ache, they find God.

The prettiest sight in the world is a girl with 10,000 freckles seriously plagued by a pimple. The ordinary man always extends a helping hand except to himself.

To reach an ear—first gossip. To reach a mind—start with one. Loves, like landscapes, reflect a point of view.

Other Fellow's Pickle
The other fellow's pickle flavors our own menu of living.

Time is the slave of the rich in patience. One who doesn't have time has no servant.

The greatest human reservoir is watered by the milk of human kindness.

A devil in earnest wins more applause than an angel in doubt. Love differs from money. Love is a medium of exchange and a measure of valor.

Words And Deeds
Words are the open sesame to deeds.

In weighing, much is wanted, much wasted.

Some say the world's a swamp, some say it's a plain; under the remorseless sky, few are more vulnerable than you and I.

Time is the surest blessing or the most certain blasphemy.

Copybook Maxim
The unrealized dreams of all men turn them into children of themselves.

As we buy more certainty we are sold more by doubt.

The four words in the English language that most often are raised to rebuke God are: how, why, where, when?

As man gets more of what he feels he wants, he becomes more aware of what he feels he needs.

Copybook maxim: What lies ahead, lies behind.

Physiological Error

In terms of lifelong health, one of man's greatest physiological errors is that he replaces the habit of sucking his thumb with more harmful ways of expressing his inescapable and inborn nervousness. This handy childhood solution he replaces at his own adult peril and pays at his own adult price—lung, stomach and heart ailments, possibly even wars and divorces.

What fundamentally differentiates man from other animals is

YORK SPRINGS — The regular October meeting of the Woman's Christian Temperance Union was held at the home of Mrs. Elmer Hikes. The President, Mrs. Ruth Leer, presided. Mrs. Pauline Fair was in charge of the devotions and program using the outline of the national organization. The theme was: "Character Skyway." It stressed the life of children.

"A Warning To U.S. Teenagers," by J. Edgar Hoover, was considered so good that the group decided to secure a hundred for distribution. Of particular interest was "How To Present The Coming Temperance Lesson In The Sunday Schools?" There was a discussion by teachers of children.

Cards were signed to send to sick and shut-ins. The group plans to enter a float in the Halloween parade. The salute to the American, Christian and Temperance flags was given. The next meeting will be held at the home of Mrs. Edgar Smith, November 20, at 7:30 p.m. when Mrs. Smith will ask members to have the relief material for Violet Hill Whyte, Baltimore, and the gifts for the Kentucky and Tennessee mountain areas.

Mrs. James A. Behney and son, Irvin; Mr. and Mrs. Ronald E. Nelson visited Mr. and Mrs. Clarence Gingrich, Nessville, Pa., on Sunday.

The week of prayer and self-denial was observed with a special service in the New Oxford Methodist Church on Wednesday evening. The New Oxford WSCS invited the women of the other churches of the charge to attend this service.

KNITTING IS A REWARDING EXPERIENCE

By VIVIAN BROWN
AP Newsfeatures Writer

KNITTING has man appeal, one reason why many girls carry the needles to school, and even to parties.

Why are men captivated by this activity? For different reasons, we found out. One man pointed out that "knitting gives a girl poise, it gives her something to do with her hands." Another said, "It is an activity that is associated with femininity." Another remembered fondly that grandma, noted for her good cooking, also loved to knit.

But aside from man's interest in a girl who knits, it is a fine way to produce an inexpensive Christmas present. The fussiest member of the family who can't be pleased with a token gift will appreciate something created with the needles.

Afghans Ideal

A charming gift for a friend,

member of the family or even for yourself could be an afghan. Knitting and crochet enthusiasts can turn wool yarn into a lovely room accessory for a living room or den. If the color scheme of a room is kept in mind, so much the better. As an old hand at afghans I am partial to the "shades of the same color" theme. A sunburst pattern starts with orange, winds up with yellow or a violet ends in lavender. But these days many knitters like floral patterns that take their cue from Oriental rugs and needlepoint designs, perhaps because of the trend to traditional rooms.

Simple and chic is the striped pattern in afghans, from wide bands of contrasting color or shadings of one hue to zig-zag stripes and lovely ripple stripes. Checks vary from colorful checkerboard and window pane motifs to broad blocks of color overlaid on a solid background. Granny motifs are still popular with their old-fashioned air.

Method Suggested

Do one square at a time, carrying your little balls of yarn in your pocketbook, and in no time at all you'll have enough squares to baste together. Experts in yarn stores and the hand knitting associations claim that this is a busy

year for teen-age knitting.

An afghan will be an investment of time as well as money, so plan it out properly. Smaller gifts that may be hand knit to make a hit with those you plan to shower at Christmas include vests, socks, ties and sweaters for the boys, stoles, boleros, socks, sweaters for the girls, and booties, bonnets, panties for the wee members of your family.

Directions for afghans may be obtained from any yarn supplier. But ask grandma, we'll bet she has a pattern that you'll love.

Richmond Jaycees Want New Members

RICHMOND, Va. (AP) — The Junior Chamber of Commerce drive for new members is rabbiting along in high gear. Here's the gimmick:

A rabbit, which will become many rabbits soon, was given to Richard E. Glenn, chapter president. When he got a new member he passed the rabbit along to another member who must hold it until he gets a new member. The member who doesn't get a new member — and quickly — can go into the rabbit business.

Voters, Here Are The Facts!

The Gettysburg Times and The Evening Sun papers recently carried a political advertisement extolling the merits and listing the accomplishments of the "Republican Board of County Commissioners." It is assumed that the author of this advertisement was referring to the Board of Commissioners as being run by the two Republican members, since by law (fortunately) a minority member is assured.

A study of the so-called accomplishments of these two Republican members of Adams County Board of Commissioners indicates a deplorable lack of foresight and judgment. It is a fact that:

(1) The Assessment of land values in Adams County is the worst of any County in the State, and undoubtedly the \$100,000.00 claimed saved will ultimately have to be spent at some future date to correct the inequities and strive toward a fair equalization of assessments. The records indicate a deliberate policy of discrimination in favor of vested political interests. The new home owner would be well advised to compare his assessments with those of the Republican Commissioners themselves. Never have the taxpayers of Adams County been subjected to such rude, arbitrary and discriminating treatment as now prevails in the County Assessment Office.

(2) The Republican Commissioners are directly responsible for the chaotic and deplorable condition existing at the County Home. Lack of foresight and false economy have permitted the County Home to deteriorate to such an extent that a new home must be built at tremendous cost.

(3) The Republican Commissioners in an attempt to escape the results of their lack of foresight and false economy have now determined to sell large portions of the county land in Cumberland Township, in complete disregard of the unquestionable fact that such a sale directly and irrevocably seriously damages Adams County's most valuable and precious asset, the historic Battlefield.

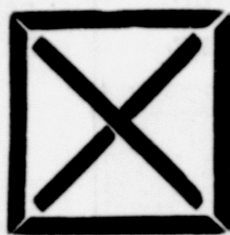

(4) The Republican Commissioners have failed to take any action to cooperate with either Cumberland Township, the Borough of Gettysburg or the Department of Interior, to protect the Battlefield area. Their lack of foresight and complete disregard of this precious asset are a disgrace to Adams County, and have brought world-wide criticism of our community. The Congress of the United States has noted well this disregard and recently passed legislation allotting funds for Battlefield preservation, pointedly noting the Republican Commissioners' lack of national or community interest.

(5) The Republican Commissioners, in their political advertisement, attempt to take credit for the placing of the County Employees under the Social Security System, when the record indicates that they failed to take any action to protect these employees until forced to do so.

(6) "VOTERS PLEASE NOTE": The cost to operate the Commissioners Office under the last Democratic Board which was approximately 30 years ago was under \$4,000.00, with one Clerk, and a part-time Clerk. Today the cost is in excess of \$22,000.00 with six Clerks.

Allies Plan Pre-Summit Meet In Mid-December

By MARVIN ARROWSMITH
WASHINGTON (AP)—President Eisenhower said Wednesday he and the other Western leaders are ready and willing to hold a pre-summit conference about mid-December.

Eisenhower told a news conference, however, that no site has been picked, and no specific time. Those matters, he said, will be handled through diplomatic channels.

Such a Western summit meeting would bring together Eisenhower, French President Charles de Gaulle, Britain's Prime Minister Harold Macmillan and West Germany's Chancellor Konrad Adenauer.

The first question put to Eisenhower was whether any progress has been made on arrangement for a Western summit conference. The President said last week he was willing to attend such a session "any time from now on."

Today, Eisenhower noted that he has taken that position. Then he went on to say that De Gaulle has explained to him some of the difficulties the French leader has regarding high level meetings.

Without elaborating on that, Eisenhower then said De Gaulle will be ready to attend a Western summit about mid-December.

Newsman tried to find out from the President whether his statement means it now is definite that a Western summit session will be held in December in Paris.

"Expression Of Readiness"
Eisenhower replied nothing as definite as that has been arranged. The situation is, he explained, that there merely has been an expression of readiness on the part of all the Western leaders to get together in advance of any East-West summit meeting with Soviet Premier Nikita S. Khrushchev.

As for the agreement on timing, Eisenhower said once again he would have preferred an earlier Western conference.

On that matter, De Gaulle apparently has been the stumbling

block. The French government took the position that any East-West summit meeting should be deferred until spring, and that there should be "leisurely" meetings of the Western leaders in advance of that time. Adenauer has gone along with that view.

SPICY INDIAN PUDDING

Ginger and cinnamon, in equal proportions, make a fine flavored Indian Pudding. For a pudding that calls for 3½ to 4 cups of milk you'll need about ½ teaspoon of each spice.

LUNCHEON DELIGHT

Cream fine dry bread crumbs with butter and add herbs. Arrange cooked shrimp in a pie plate and put bits of the butter combination over them. Sprinkle with paprika and broil slowly. Delicious for lunch with a green salad!

Know the reason old-fashioned cooks, when they baked butter cakes, creamed the butter and sugar with their fingers? The heat of their hands helped the ingredients combine.

CORPORATION UPS DIVIDEND

NEW YORK (AP) — Westinghouse Electric Corp. directors today raised the annual dividend rate on common stock from \$2 to \$2.40 and recommended a 2-for-1 split of common shares.

The split proposal will be submitted to stockholders at a special meeting at Pittsburgh Jan. 4. The company also reported the highest third quarter earnings in history.

60-Cent Dividend
Directors declared a dividend of 60 cents on the common — on which the quarterly dividend had been 50 cents—payable Dec. 1 to holders of record Nov. 9.

If the stock split is approved, it is expected that the quarterly dividend on the new common will be 30 cents a share.

President Mark W. Cresap and Board Chairman Gwilym A. Price said the action was taken after a review of operating results show-

See Harmonious Start For Talks

UNITED NATIONS, N.Y. (AP) —U.N. diplomats anticipate the East-West disarmament talks early next year will at least start harmoniously following agreement Tuesday night by the United States and the Soviet Union on a non-committal disarmament resolution for the General Assembly.

After a week of concentrated bargaining, the two big powers agreed to join in sponsoring a resolution referring all disarmament proposals to the new 10-nation committee that will begin negotiations in Geneva in February.

The resolution endorses no specific plan, a victory for the Americans. Originally the Soviets had demanded that it give specific approval to Soviet Premier Nikita Khrushchev's proposal for complete disarmament over a four-year period.
